List all work-based learning opportunities that students will have as a result of the new program or program expansion.

With the addition of equipment through Enhancement Grant in FY22, we were able to work with our industry partners to enhance our curriculum for a more complete process from the design aspect through the production aspect for FY23. Our work based learning opportunities include:

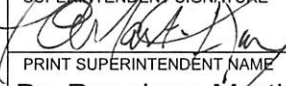

- Designing customized murals to be created in schools in California
- Designing and creating customized apparel for organizations in schools and in our community
- Designing and creating logos and stickers for outside organizations
- Designing and creating websites to support emerging businesses
- Student internship opportunities on campus and off site for students
- Client connected projects for a variety of organizations

List the Industry Recognized Credential (IRC) or certificate(s) from the approved Missouri School Improvement Program (MSIP5) list that are available to students as a result of the new program of program expansion.
