This policy regards admission/access to treatment/employment in its programs and activities. This notification is made to: applicants for admission and employment; students; parents of elementary and secondary students; employees; sources of referral of applicants from admission and employment; and all unions or professional organizations holding collective bargaining or professional agreements.

Any person having inquiries concerning Consolidated School District No. 2 compliance with the regulations implementing Title VI, Title IX or Section 504 is directed to contact Shirley Earley, 6608 Raytown Rd., Raytown, Missouri 64133 (816-268-7000).

ADMISSIONS AND WITHDRAWAL

All persons seeking admissions must satisfactorily meet all residency, academic, age, immunization, health, and other eligibility prerequisites as established by Board policies, rules and regulations, and by state law and will be required to present proof in a form acceptable to the district. Missouri Statutes provide that in order for a pupil to register with the parent or legal guardian of the student, or the student himself or herself shall provide at the time of registration proof of residency in the District. Proof of residency, as defined by the Statute, means that a person both physically resides within the District and is domiciled (residing) within the District, i.e., is a resident of the District with the present intention to remain there. Further, the Missouri Statutes provide that the domicile of a minor child shall be the domicile of a parent, military guardian pursuant to a military issued guardianship, court appointed legal guardian or have completed a request of waiver with Superintendent of Schools or designee. **If the student and/or parent misrepresent his/her legal residence or enrollment information, the student may be immediately withdrawn from school and may be charged tuition in accordance with Board Policy JECA - ADMISSION OF STUDENTS.**

No student may enroll in Raytown during a suspension or expulsion from another district if it was determined upon attempt to enroll that the student's conduct would have resulted in a suspension or expulsion in this district (a hearing will be convened within three working days of the request to register).

Admission Restrictions—In accordance with § 167.171, RSMo., no student may be readmitted or enrolled to a regular program of instruction in the school district if he or she has been convicted of or charged with an act that if committed by an adult would be one of the following:

2. Second-degree murder under § 565.021, RSMo.
3. First-degree assault under § 565.050, RSMo.
4. Forcible rape, as it existed prior to August 28, 2013, or rape in the first degree under § 566.030, RSMo.
5. Forcible sodomy, as it existed prior to August 28, 2013, or sodomy in the first degree under § 566.060, RSMo.
6. Statutory rape under § 566.032, RSMo.

9. Distribution of drugs to a minor under § 195.212, RSMo., as it existed prior to January 1, 2017, or delivery of a controlled substance under § 579.020, RSMo.
10. Arson in the first degree under § 569.040, RSMo.
11. Kidnapping, or kidnapping in the first degree, when classified as a class A felony under § 565.110, RSMo.

Nothing in this section shall prohibit the re-admittance or enrollment of any student if a charge has been dismissed or when a student has been acquitted of any of the above acts. This section does not apply to a student with a disability, as identified under state eligibility criteria, who is convicted as a result of an action related to the student's disability. If the district maintains an alternative education program, and the district determines that the placement is appropriate, a student subject to these admission restrictions may be admitted to such an alternative education program.

The residence of the parents shall determine student eligibility for enrollment in the Raytown C-2 School District or the primary custodial parent as designated by the court. For detailed provisions and exceptions review Board Policies JEC - School Admissions, JECA - Admission of Resident Students and JECB - Admission of Non-Resident Students.

To begin the enrollment process contact the Counseling Center at 268-7320 to schedule an appointment. In addition to proof of residency enrollees must bring previous transcripts, discipline records, immunization records, copy of birth certificate and social security number. The enrollment process may require more than one appointment due to placement testing.

Withdraw: For a student to check out of school,

1. A student's guardian should contact the school either by phone, in person, or in writing.
2. The student must discuss the matter with a counselor.

It is extremely important to notify the residency office of any changes in personal information regarding your student. Including change of address, phone numbers, emergency contacts, and all other pertinent information related to the student's personal record. The residency office can be reached at 816-268-7035 or you can complete an update form in our counseling office.

ACADEMIC INFORMATION

A+ INCENTIVE FOR HIGHER EDUCATION

Both Raytown High Schools have received A+ designation for several years, therefore, RQS students are eligible to participate in the Missouri A+ incentive program.

What is the A+ Incentive Program?

The A+ Incentive program was established by the state legislature in an attempt to help students: complete a selection of high school courses that are rigorous, receive a high school diploma and advance to a college, post-secondary vocational- technical school or high wage job with work place skill development opportunities.

How will A+ benefit students?

A student in the Class of 2020 is eligible to receive paid tuition, up to 105% of their initial degree program, over six semesters. A+ funding is made available by the state* (subject to change annually) to any public community college, vocational, or technical school in the state of Missouri. Currently, eligible students have 4 years beyond graduation to use incentives.

What are the requirements for students?

In order to be eligible, the student must:

- Obtain a score of Proficient or Advanced on the Algebra I End-of-Course Exam (requirement for the graduates in 2015 and beyond)
- Maintain and graduate with a 2.5 grade point average
- Have a cumulative attendance record of 95% for grades 9-12

Note: All absences are accrued in MINUTES. With the exception of school-sponsored trips, ALL absences (excused and unexcused) will count against a student's A+ attendance percentage.

The A+ attendance policy is set by the state and is not to be confused with RQS attendance policies or appeals for credit.

- Complete 50 hours of volunteer tutoring in a Raytown School/Program
- Maintain a record of good citizenship - no drugs, alcohol, academic dishonesty, etc.
- Have been enrolled in an A+ designated school for 3 consecutive years, ending with graduation.
- Register with the federal Selective Service program (as required by law).
- Complete the FAFSA during the spring of the 12th grade year.

It is the responsibility of students and parents to read, understand, and comply with A+ program requirements.

How do I enroll in the A+ program?

Although all students are enrolled as A+ participants in the Raytown Schools, actual A+ participation is voluntary. Students may participate in the program throughout their four years of high school and identify intent to complete the program by signing an A+ Agreement and returning it to the A+ Coordinator in the first semester of the student's senior year. The A+ agreement must be complete and **MUST** include the participant's social security number.

More information on the A+ Program, including the full A+ manual, is available at:

1. State of Missouri, Department of Elementary and Secondary Education, A+ Information Website: www.dese.state.mo.us/divimporve/aplus
2. Raytown C-2 School District website: <http://www.raytownschools.org/curr/Pages/APlusStateProgram.aspx>
3. Randy Thomas, RHS A+ Coordinator, 268-2013.

*Funding is dependent upon annual availability and appropriation by the Missouri General Assembly.

[A+ program participation requirements are based upon graduation year and can be updated at any time by the state legislature.](#)

Bulletins

The daily bulletin is the primary means used to communicate with the student body. The daily bulletin can be accessed through the SISK12 portal. Anything posted on the daily bulletin or physically on school property must have the approval of the administration. This includes posting items on bulletin boards and other locations throughout the school. Items should only be posted in designated areas with approved adhesive. All requests to post items should be directed towards the Activities Director/Asst. Principal.

College Visits

Students may take 3 official college visits in their high school career. Those visits must be made during a student's Junior and/or Senior year in high school. Students must bring documentation from the college visit to verify attendance to the attendance secretary upon return.

Course Drop Procedures

Students should select classes carefully and consult with their counselor and parent during course selections. **Students may not drop classes after completing the enrollment process unless one of the following occurs:**

- The student does not meet pre-requisites for the course.
- The student provides documentation of previously passing the course.
- The student's request to take a more rigorous course is granted.
- The student must take an alternate course for the purpose of meeting a graduation requirement that cannot be taken at another time.
- The student enrolls in a Marketing or Approved Work-study program that requires the student's schedule to be reduced.
- The student enrolls in a Vocational (HCC, ST, etc.) program requiring a reduced schedule.
- The student need to enroll in a course required for a Vocational program (HCC, ST, etc.) and cannot take the course at another time.
- The student enrolls in a comparable or more rigorous course at a college or university (enrollment in the course must occur at the start of the appropriate academic semester).
- The student has a verifiable medical issue preventing participation in the course.
- The student fails to meet any MSHSAA eligibility requirements associated with the course.
- The student's IEP team determines the course to be inappropriate for the student (such decisions must be related to the disability needs of the student).
- The student was enrolled in the course as a result of a clerical or computer error.
- The student demonstrates extensive work outside the regular school day over an extended period of time (i.e. tutoring, study session, etc.). Student must make a sincere effort and sustain work outside of school day to show progress.

These requests **MUST** be discussed with a counselor and approved by the principal. Any student who drops a course during the first twenty (20) days for any reason other than those listed above will receive a Withdrawal/Fail– “F” on his/her transcript for the course. Any course that is dropped after the first twenty days of the course will receive a Withdrawal/Fail– “F” on the transcript regardless of the reason. Courses consisting of two (2) semesters will receive a Withdrawal/Fail– “F” on the transcript for any incomplete semesters. Students who drop a course, regardless of the reason, may not enroll in another course after the first twenty (20) days of the course. Students who drop a course, but fail to meet any of the requirements listed above will not be allowed to enroll in a replacement course and will have to go on a reduced schedule. Students who drop a course as a result of one of the items listed above will only be eligible to enroll in a replacement course if one is available. Please refer to the following guidelines for exceptions to the above stated policy:

Any student who completed a course and received an F may repeat the course. If the student repeats the course and earns a higher grade, the higher grade will be entered on the transcript and the GPA will be recalculated with the higher grade. However, the original grade will remain on the transcript.

Credit Requirements

Students must attend eight (8) semesters. The only exception is for students who meet the credit requirements and apply for early release. If a student meets requirements for early release but does not make application prior to the start of the second semester for his/her senior year, he/she must attend the entire eighth semester.

Any student who transfers after the end of the seventh semester must meet the graduation requirements from the school he/she transferred from as well as the Raytown C-2 School District graduation requirements in order to graduate.

Early Graduation

Students who wish to graduate early will be required to meet with a guidance counselor and submit written notification to the principal. The guidance counselor will notify the student's parents or guardians of the student's decision if the student is a dependent. The student will receive a diploma if the student has met the Raytown C-2 School District's graduation requirements. The student who chooses early graduation will be allowed to participate in the spring graduation ceremonies but will be considered alumni for all other activities. (Policy IKFA)

Grade Classification

Students who have completed six semesters and seventeen (17) units of credit at the beginning of their seventh semester will be classified as seniors and allowed to participate in senior activities.

Students will be classified in grades using the following credit levels:

9th GRD: 0-4.5 credits & 0-2 semesters completed in high school*

10th GRD: 5-10.5 credits & 2-4 semesters completed in high school*

11th GRD: 11-16.5 credits & 4-6 semesters completed in high school*

12th GRD: 17-25 credits & 6 semesters completed in high school*

*summer school enrollment does not count towards semester requirements.

Students will be reclassified between the summer and fall terms.

Prerequisites are established for a number of courses. The principal must approve any exception to the prerequisite. It is the student's responsibility to see that requirements for graduation are met. The school will make effort to keep up-to-date records and to keep students and parents informed about the status of progress toward the graduation requirements. However, it is the student's responsibility to be acquainted with the necessary requirements to meet this goal.

There are two semesters per year. Each semester is divided into three grading checks within the semester. The final test represents 10% of the semester grade. The student's End of Course Exam (the state standardized test) will be counted as the final exam grade for students who take the exam. A progress report will be sent home approximately one week after the conclusion of each semester.

Students may re-take a class once in which they received a passing grade. When they do, the following procedure will be followed:

- The higher of the two scores will count toward subject area graduation requirements if the class qualifies for one of the subject areas. The lower of the two scores will count towards elective credits towards graduation.

For example:

- If a student receives a D in semester 1 and a C in Semester 2 of English I, the student may re-take 1st semester English I. If the student receives a B the second time then the D, C and B count in the GPA. The B in the class will be listed as a subject area graduation credit for the appropriate semester. The D will be listed as an elective credit. 1 Credit of English will be awarded and 0.5 elective credit will be awarded.
- If a student receives a D in Intro to Visual Art, the student may re-take Intro to Visual Art. If the student receives a B the second time, then the D and B count in the GPA. The re-take of the class will be listed as a fine art credit. The D will be listed as an elective credit.

Transcripts

A transcript is a record of all high school level course work completed by a student, and is also inclusive of the student's standardized test results. Official transcripts always carry the school seal. A signed transcript request form must be on file prior to Raytown High School sending a transcript.

Students are allowed to send, without cost, two transcripts to any school or place of employment at the time of graduation. There is a handling/copy fee of \$5.00 for each additional transcript.

Prior to November 1 of each year, each high school in the district will provide its students with information concerning occupations that have a critical need or shortage of trained personnel as provided by the State Board of Education. Policy KB-AP1

Virtual Courses

Eligible students may enroll in virtual courses offered through the Missouri Course Access Program (MOCAP). The district will accept all grades and credits earned through district-sponsored virtual instruction and MOCAP. The district will pay the costs of a virtual course only if the district has first approved the student's enrollment in the course as described in policy IGCD.

Cheating or Acts of Plagiarism

Cheating and plagiarism is unacceptable and will not be tolerated. Students found with unauthorized test material will have committed the same offense as cheating. Besides having a dramatic effect on a grade, the incident could be used to withhold honors or scholarships from a student.

Cheating is a serious academic offense. Cheating occurs in several ways:

- Copying another's work for an assignment intended for individual effort.
- Helping, writing for, or giving answers to another student for an assignment intended for individual effort.

Plagiarizing, a form of cheating, means summarizing, paraphrasing, or quoting an outside source without attribution. Three ways to use outside material are:

- A summary abbreviates an outside source
- A paraphrase expands an outside source
- A quotation uses the exact words or other details from an outside source.

All three forms require sufficient and accurate attribution so that others can discern and verify the source. False attribution occurs when the writer fails to attribute all the sources or attributes to a false source.

Consequence:

First Offense: Zero on assignment

Subsequent Offense: See Academic Dishonesty for Discipline and further actions.

Textbook Deposits & Student Fees

Textbooks are furnished free of charge to students. A textbook deposit fee of \$21.00 is charged at the time of enrollment. Each student should see that his/her books receive the best of care. Fines are assessed in cases of unusual wear and tear, for willful destruction, or for loss. A charge of \$5.00 per book will be levied if books are not turned in but are found in the student's locker, on school premises, or in any other manner.

Within the first two weeks of enrollment, students must either have paid all fees or have paid 50% of those fees and established a payment schedule for the remainder of the balance. If the fees have not been paid, students will be withdrawn from fee-based classes and enrolled in a non-fee based class.

Finals Exemption Policy

The Student needs to notify the teacher in writing prior to the end of the semester if he/she meets the Finals Exemption Policy and is requesting to be

exempted from the final. The teacher will not automatically exempt a student from the final.

Perfect Attendance Policy Requirements

- Any student with perfect attendance and who passes his/her final will be held harmless from the impact of that final on his/her semester grade.
- Perfect Attendance is counted by period. A student must have perfect attendance for the class in which they are taking the final. All non-school function absences are counted. This includes absences verified by a doctor's notes, parent excused absences, etc.

Definition of Exempt

- The student must take the final exam.
- The student must pass the final exam.
- If both of these occur, then the student's grade is held harmless from the results of the final.
- The End of Course Exam serves as the final in certain courses.

Late Work

Students who are present in class but do not turn in homework due on that day or do not turn in make-up work by the day it is due will be allowed to turn that assignment in late for up to two (2) days.

On the first day late, the student receives 75% of the credit earned on the assignment. The second day late the student receives 50% of the credit earned on the assignment. Students are encouraged to turn in assignments for feedback after the two day window but cannot receive credit for the assignment.

GENERAL ATTENDANCE PROCEDURES

If students are to make the most of the educational opportunities, regular attendance and punctuality are extremely important. When a student misses school regardless of the reason, he/she is missing valuable learning opportunities.

What should I do in case of an absence? Parents should notify the attendance office by phone 268-7310 at Raytown High School each day of their student's absence.

Excused Absences

The following absences will be excused. Documentation must be provided as indicated. Where written/verbal excuse is indicated, written documentation is required upon request from school administration.

- Illness or injury of the student, with written/verbal excuse from parent.
- Illness or injury of a member of the student's family when the student's presence is necessary or expected, with written/verbal excuse from parent.
- Medical appointments or medically excused absences related to illness, injury, or condition, with written confirmation by medical provider. Medical appointment notes must contain specific information about the time and date of the appointment. Students will not be excused for the

full day(s) unless the medical professional designates the absence for that period of time. Reasonable travel time will be added by our office staff based on the time and location of the appointment. We reserve the right to contact the medical professional's office to verify all notes provided to the school. Any note that does not contain the necessary information, lists multiple dates of excuse, is submitted more than a week after the absence ended, does not appear to be on the correct form or contain proper formatting, and/or does not include the medical professional's signature will result in our office contacting the medical professional's office to verify the information. We will not mark the absences as medically excused until we receive direct confirmation from the medical provider's office.

- Funeral, with written/verbal excuse from parent. The principal may require a program or other evidence from services as well.
- Religious observances, with written/verbal excuse from parent.
- Other appointments that cannot be scheduled outside attendance hours, such as court appearances, with written excuse from parent. Administration may require documentation from the court or other agency to verify the appointment.
- Visits with a parent or legal guardian who is an active duty member of the military who has been called to duty for, is on leave from, or is immediately returned from deployment to a combat zone or combat support posting, with permission of the superintendent or designee.
- College visits, up to a combined total of three (3) visits not to exceed five (5) school days during the student's junior or senior years. College documentation of the planned visit is required prior to the student's absence.
- Principal will determine the final approval of excused absences.

All other absences and any absence for which required documentation is not provided are unexcused.

Note: A+ attendance policy is set by the state and is not to be confused with district attendance or credit recovery policies. ALL absences, excused and unexcused, as well as college/career release days, DO count against the 95% attendance requirement for A+. Attendance is counted in minutes; tardies do accumulate minutes.

Unexcused Absences or Truancy

Includes being absent from school, class or classes without authorization. Forged passes, false phone calls, skipping class, being out of class without permission or missing more than half of a class period may be considered under the truancy policy or defiance of authority.

Truancy - Absent from school, class, or classes without authorization.

Consequence: May range from: Student/parent conference only to 1 to 10 day(s) in-school suspension, possible referral to appropriate criminal justice or juvenile delinquency system, or Division of Family Services (DFS).

Absence-Make- Up Work

In all excused absences, students are expected to make up all daily work missed. Students will have one day for each day missed plus one to make-up the daily work (students missing two days will have three days to make-up the work). If the daily work is not completed, no grade or credit can be given for that part

of the course. Long-term or other assignments must be turned in on the due date/time, whether students are present or not. Students who attend Raytown C2 School District schools are to be released from school during school hours only with permission of the building principal or his or her designees.

What Should Be Done Upon Returning from an Absence? *If the absence is classified “undetermined” (no parent contact has been made), the student must report to the attendance office for a pass to be signed by each hour’s teacher.

What About Late Arrivals? When student arrives to school between 7:18 am to 7:23 am they go directly to class and get a tardy marked by the teacher. Students arriving to school after 7:23 am must check in at the office and have their planner signed (Students that do not have their planner will be asked to purchase a new one at that time). This will be marked as a late arrival to school. The administrators reserve the right to apply disciplinary consequences for excessive late arrivals. Students who arrive more than halfway through the class period will be marked absent for the period(s).

How Are Pre-Arranged Absences Handled? A parent must initiate the procedure by calling the school at least 2 weeks in advance. Excused and unexcused absences will be determined through the attendance office. Parental requests for student dismissal or absence will not always assure the student of an excused absence

Absences - Excessive

Students will be expected to make up all assignments from missed classes regardless of whether an absence is excused or unexcused. Each teacher may set reasonable limits regarding the timeframe in which missed work may be completed. Attendance and participation are part of a successful learning experience, so students with more than six (6) excused absences or any unexcused absences in any class in a semester will be issued an academic penalty in the form of grade reductions as follows:

Absences	Grade Reduction
7	2%
8	4%
9	8%
10	16%
11+	30%

Any student may reduce accrued absences by attending make-up study or counseling sessions scheduled by the principal during non-instructional times. The student must notify the principal that he or she wishes to make up attendance days, and the principal will provide the student information on the

next available session. Make-up sessions do not match the educational value of actual class attendance, so no student will be allowed to make up more than five (5) absences by attending make-up sessions.

Student Dismissal Precautions

It is the goal of the Raytown C-2 School District to provide a safe environment for students. The district recognizes that rules regarding the dismissal of students are a necessary part of the district's safety program. District administrators will publicize this policy to parents and create procedures regarding the dismissal of students. Dismissal from School District administrators will create student dismissal procedures that protect the safety of students while also addressing the necessary flow of traffic to and from school. These procedures may vary depending on the age of the student. District personnel will monitor the parking lot and other locations where students board the district's transportation or meet parents or others. At the request of a parent, school personnel will verify the identity of a parent or other authorized person before releasing the student. District staff may refuse to release a student and will notify the principal if they have concerns regarding the student's safety or whether a person is authorized to transport the student. Otherwise the district will assume that the student knows with whom he or she may leave. Early Dismissal Students shall not be excused into any person's custody without the direct prior approval and knowledge of the building principal or designee. Each building principal will establish procedures to validate requests for early dismissal to assure that students are released only for proper reasons and only to authorize persons. Procedures must adhere to the following rules:

- Students will only be released to the parent, guardian or designee of the parent or guardian or to other individuals or agencies as permitted or required by law.
- The district will release a student to either parent unless the district has a valid court order directing otherwise or unless the parent requesting release is only entitled to supervised visitation. If district staff have concerns about releasing the student to a parent, the student may be held while additional precautions are taken, including, but not limited to, verifying custody orders, contacting the other parent or contacting appropriate authorities.
- Students who are 17 years old and living independently and students 18 or older must validate their own attendance and dismissal. FILE: JEDB Basic © 2005, Missouri School Boards' Association, Registered in U.S. Copyright Office Page 2 For Office Use Only: JEDB-C.1E (5/05)
- Telephone requests for early dismissal of a student shall be honored only if the caller can be positively identified as the student's parent or guardian.
- Any person requesting release of a student must present proper identification prior to release of the student. For the purposes of this policy, a parent is defined as a biological or adoptive parent, including parents who are unmarried; a guardian; or an individual acting as a parent in the absence of the parent or guardian.

Dismissal from School Activities If an activity occurs immediately after school, the district will follow the same procedures used for dismissing students from the regular school day. Otherwise, students are expected to return from activities with the student's parents or the same person(s) who transported them

to the activity. If the district provides the student transportation to an activity, the student is expected to return using district transportation. However, district administrators may develop procedures for releasing students from a school activity to parents or other authorized persons, keeping the safety of students in mind. (Policy JEDB)

Class Dismissals: When students find it necessary to leave the room, they must have permission from the classroom teacher. The teacher will issue them a signed hall pass located in the student handbook or as designated by the teacher. Failure to comply may be considered defiance or truancy resulting in detention or 1-10 days of suspension.

End-of-School Day Dismissal: School ends at 2:17 PM Monday, Tuesday, Thursday and Friday and at 12:47 PM on Wednesday. Unless you are participating in a supervised activity, you must be out of the building by 2:30 PM when school is out at 2:17 PM and must be in a study room or off campus by 1:00 on Wednesdays.

Leaving Campus

NOTE: Refer to Attendance and Automobiles for additional Information. Students who must leave school for any portion of the school day for any reason are expected to report to the attendance office or to the clinic prior to leaving and receive a pass to leave. Failure to report to the attendance office or clinic will result in the absence being listed as unexcused and possible defiance of authority. Students are not leave school grounds once they have arrived without parent permission and the proper sign out procedures. This includes leaving to patron all local business in the area. (See Truancy/Unexcused for Discipline)

EMERGENCY PROCEDURES SCHOOL CLOSINGS

Fire Drills

We will have fire drills on an average of once a month. Everyone **MUST leave the building during drills** and not return until notified. Walk rapidly through the halls to the designated exits and move away from the building to the designated area where the teacher will take role. All rooms have exit directions posted by the doors.

School Closing

Should school be closed because of inclement weather, please watch local affiliates for ABC, CBS, FOX, or NBC or check local affiliate websites for an announcement. You may also access the district website at www.raytownschools.org. Please do not call the school.

Tornado Drills

The tornado evacuation plan of Raytown High is to move personnel to safe areas located on the lower level of the building. It is imperative all personnel move to the designated areas quickly, orderly and quietly.

Earthquake Drills

Students will be evacuated to the Chittwood Stadium away from the building in the event of an earthquake. It is imperative all personnel move to the

designated areas quickly, orderly and quietly. The designated evacuation pick-up points for Chittwood Stadium will be:

- Southgate handicapped entrance
- Southeast back gate located by the Bus Barn
- Triage Area will be at the Concession Stand

HEALTH SERVICES

Emergency Forms

When students enroll, they are required to fill out a Student Emergency Form each year. This form contains necessary information that the school needs. The school must be notified of any changes, so parents can be notified in case of emergency.

Health Procedures

In accordance with Missouri Department of Health no pupil shall attend school while affected with any contagious or infectious disease or while liable to transmit such disease after having been exposed to the same. The district may require a student suspected of having a disease or of being able to transmit a disease be examined by a physician and to provide a written statement of health before reentering school. Any pupil not complying may be excluded from school. A nurse's aide is on duty to assist your child during illness or injury at school. Students will be sent home for the following.

- Temperature over 100
- Vomiting
- Question of communicable disease
- Injury which may require medical attention

NOTE: Accidents which occur on school property and which cause injuries that require medical attention will be reported to the student's parents.

Immunization Requirements

ALL students must present an immunization record to the school, and ALL immunizations must be up to date before a student will be permitted to enroll. Students in non-compliance with 167.181 RSMo regulating required immunizations may not enroll or attend school unless the parent/guardian has signed medical or religious exemption on file or unless the student is homeless or has started an immunization series showing satisfactory progress is being accomplished in the prescribed manner as outlined in the Missouri Immunization Schedule. Evidence of immunization means a statement, certificate or record from a physician or other recognized health facility or personnel verifying the type of vaccine and month, day and year of administration. Homeless children are allowed special consideration in accordance with federal legislation.

If the district provides information on immunizations, infectious diseases, medications or other school health issues to parents/guardians of K-12 students, the district will also provide parents/guardians of K-12 students influenza and influenza vaccination information that is identical or similar to that produced by the Centers for Disease Control and Prevention. Policy KB-AP1

District-Sponsored Preschool, Daycare Centers and Nursery Schools

Upon request from a parent/guardian of a student enrolled in or attending district-sponsored preschools, daycare centers or nursery schools, the district will inform the parent/guardian whether any student enrolled or currently attending the facility in which the district-sponsored preschool, daycare center or nursery school is located has an immunization exemption on file. The district will only verify whether any student has an exemption on file. The district will not release any information that would identify a particular student with an exemption or a particular type of exemption. Policy JHBC

Insurance

It is the responsibility of parents to carry appropriate accident insurance on their student to cover accidents or injuries that may occur at school or on school grounds. Raytown High School does not carry any type of accident insurance on students.

Medication

All student medication should be brought to the clinic without exception. All medication must be brought to school by the parent in the original container and clearly labeled. Students who carry medication in their possession without permission of the principal will face disciplinary action. No personnel are permitted to give medication, including over-the-counter medications at school unless brought to the clinic by the parent and a permission slip is completed and signed granting permission for the medication to be taken. Policy JHCD **Note: All medication not picked up at the end of the school year will be destroyed.**

STUDENT DISCIPLINE

It is essential that the district maintain a classroom environment that allows teachers to communicate effectively with all students in the class and allows all students in the class to learn. To assist district staff in maintaining the necessary classroom environment, the Board of Education has created a discipline code that addresses the consequences, including suspension or expulsion, for students whose conduct is prejudicial to good order and discipline in the schools or impairs the moral or good conduct of other students.

The comprehensive written code of conduct of the district is composed of this policy and includes, but is not limited to, the following policies, procedures and regulations: JG-R, JGA, JGB, JGD, JGE and JGF. A copy of the district's comprehensive written code of conduct will be distributed to every student and the parents/guardians of every student at the beginning of each school year and will be available in the superintendent's office during normal business hours.

Application

These policies, regulations and procedures will apply to all students in attendance in district instructional and support programs as well as at school-sponsored activities.

Off-campus misconduct that adversely affects the educational climate will also be subject to these policies, regulations and procedures. Students who have

been charged, convicted or pled guilty in a court of general jurisdiction for commission of a felony may be suspended in accordance with law.

The Board authorizes the immediate removal of a student upon a finding by a principal or superintendent that the student poses a threat of harm to self or others, as evidenced by the prior conduct of such student. Any such removal will be subject to the appropriate due process procedures and in accordance with law.

No student may be confined in an unattended locked space except in an emergency situation while awaiting the arrival of law enforcement personnel. For the purpose of this policy, a student is unattended if no person has visual contact with the student, and a locked space is a space that the student cannot reasonably exit without assistance.

Enforcement

Building principals are responsible for the development of additional regulations and procedures regarding student conduct needed to maintain proper behavior in schools under their supervision. All such regulations and procedures shall be consistent with Board-adopted discipline policies.

Teachers have the authority and responsibility to make and enforce necessary rules for internal governance in the classroom, subject to review by the building principal. The Board expects each teacher to maintain a satisfactory standard of conduct in the classroom. All district staff are required to enforce district policies, regulations and procedures in a manner that is fair and developmentally appropriate and that considers the student and the individual circumstances involved.

All employees of the district shall annually receive instruction related to the specific contents of the district's discipline policy and any interpretations necessary to implement the provisions of this policy in the course of their duties including, but not limited to, approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

STUDENT DISCIPLINE

The Student Code of Conduct is designed to foster student responsibility, respect for others, and to provide for the orderly operation of district schools. No code can be expected to list each and every offense that may result in disciplinary action; however, it is the purpose of this code to list certain offenses which, if committed by a student, will result in the imposition of a certain disciplinary action. Any conduct not included herein, any aggravated circumstance of any offense, or any action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education. In extraordinary circumstances where the minimum consequence is judged by the superintendent or designee to be manifestly unfair or not in the interest of the district, the superintendent or designee may reduce the consequences listed in this policy, as allowed by law. This code includes, but is not necessarily limited

to, acts of students on school property, including playgrounds, parking lots and district transportation, or at a district activity, whether on or off school district property. The district may also discipline students for off campus conduct that negatively impacts the educational environment, to the extent allowed by law.

Reporting to Law Enforcement

It is the policy of the Raytown C-2 School District to report all crimes occurring on district property to law enforcement, including, but not limited to, the crimes the district is required to report in accordance with law. A list of crimes the district is required to report is included in policy JGF.

The principal shall also notify the appropriate law enforcement agency and superintendent if a student is discovered to possess a controlled substance or weapon in violation of the district’s policy. In addition, the superintendent shall notify the appropriate division of the juvenile or family court upon suspension for more than ten (10) days or expulsion of any student who the district is aware is under the jurisdiction of the court.

Failure to serve the assigned Teacher Detention may result in an Office Detention or suspension.

Office Detentions

*Principals or designee assign Office Detentions from (2:30 to 3:30PM Monday, Tuesday, Thursday, and Friday and 6:00 to 7:00AM Tuesday and Thursday) for those who are habitually tardy or a form of alternative discipline for minor infractions. Failure to attend detention results additional consequences including but not limited to ISS or OSS.

In-School-Suspension (ISS) is an opportunity for students to work out their problems in a supervised restricted school environment. Schoolwork completed while in ISS will be credited to the student. Students in ISS will not be in the halls for any reason unless directed by the principal. All disciplinary responses will be on a yearly basis for students unless otherwise noted. Students removed from ISS for disciplinary action may lose the opportunity of ISS for future referrals.

NOTE: Students unexcused and/or absent from ISS will be considered truant and the administration may elect to have the remaining days served as OSS. Students not attending ISS on the assigned day may serve an extra day in ISS (if excused) or be assigned OSS upon conference with the principal.

If a change in behavior does not occur when students have had opportunities for ISS, the procedure will refer to the OSS policy.

Violation of this may result in the student’s arrest for trespassing as well as additional disciplinary consequences. Referrals to the C-2 District Central Office (CO) may result in a suspension of up to 180 days or recommendation for expulsion by the Board of Education.

When assigned OSS, students are NOT allowed to be at any Raytown C-2 activities, home or away.

[Bullying Policy JFCF](#)

General

In order to promote a safe learning environment for all students, the Raytown C-2 School District prohibits all forms of bullying. The district also prohibits reprisal or retaliation against any person who reports an act of bullying among or against students.

Definitions

Bullying - In accordance with state law, bullying is defined as intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; that substantially interferes with the educational performance, opportunities or benefits of any student without exception; or that

substantially disrupts the orderly operation of the school. Bullying includes, but is not limited to: physical actions, including violence, gestures, theft, or property damage; oral, written, or electronic communication, including name-calling, put-downs, extortion, or threats; or threats of reprisal or retaliation for reporting such acts.

Cyberbullying - A form of bullying committed by transmission of a communication including, but not limited to, a message, text, sound or image by means of an electronic device including, but not limited to, a telephone, wireless telephone or other wireless communication device, computer or pager. The district has jurisdiction over cyberbullying that uses the district's technology resources or that originates on district property, at a district activity or on district transportation. Even when cyberbullying does not involve district property, activities or technology resources, the district will impose consequences and discipline for those who engage in cyberbullying if there is a sufficient nexus to the educational environment, the behavior materially and substantially disrupts the educational environment, the communication involves a threat as defined by law, or the district is otherwise allowed by law to address the behavior.

School Day - A day on the school calendar when students are required to attend school.

Designated Officials

The principal of each building is hereby designated as the individual to receive and investigate reports of bullying. Each building principal shall designate at least two teachers or administrators in the building who are authorized to receive and investigate reports of bullying in the principal's absence or at the principal's discretion.

The district compliance officer appointed in policy AC will serve as the district wide anti-bullying coordinator. The antibullying coordinator will receive all completed investigative reports from all buildings and analyze the reports to identify any information that would inform the district's antidiscrimination and antibullying education and training programs. In addition, the antibullying coordinator will assist in making any relevant reports as required by state and federal law.

Reporting Bullying

School employees, substitutes or volunteers are expected to intervene to prevent student bullying, appropriately discipline the perpetrator, assist the victim and report the incident to the building principal or designee for further investigation and action. Any school employee, substitute or volunteer who witnesses or has firsthand knowledge of bullying of a student must report the incident to the building principal or designee as soon as possible, but no later than two school days after the incident.

Students who have been subjected to bullying, or who have witnessed or have knowledge of bullying, are encouraged to promptly report such incidents to a school employee. Any school employee receiving such a report shall promptly transmit the report to the building principal or designee.

If the bullying incident involves students from more than one district building, the report should be made to the principal or designee of the building in which the incident took place or, if more appropriate, to the principal or designee of the building attended by the majority of the participants in the incident.

Investigation

Within two school days of receiving a report of bullying, the principal or designee will initiate an investigation of the incident. Reports that involve students from multiple buildings will be investigated cooperatively by the principals of each building involved, or those principals may request that the district's compliance officer designated in policy AC conduct the investigation. If at any time during the investigation the principal determines that the bullying involves illegal discrimination, harassment or retaliation as described in policy AC, the principal will report the incident to the compliance officer designated in that policy, who will assist in the investigation. If the alleged bullying involves a special education student or a student with disabilities, the principal will also notify the special education director.

The investigation shall be completed within ten school days of the date the report of bullying was received unless good cause exists to extend the investigation. Upon completion of the investigation, the principal will decide whether bullying or harassment occurred and, if so, whether additional discipline is warranted in accordance with the district's student discipline code. The principal will generate a written report of the investigation and findings and send a copy of the completed report to the district's antibullying coordinator. The principal or designee will document the report in the files of the victim and the alleged or actual perpetrator of bullying. All reports will be kept confidential in accordance with state and federal law.

If the incident involved allegations of illegal discrimination or harassment, the principal's decision may be appealed in accordance with policy AC. Student discipline may be appealed when allowed by law in accordance with Board policy.

The principal or other appropriate district staff will work with victims and their families to access resources and services to help them deal with any negative effects that resulted from the incident.

Consequences

Students who participate in bullying or who retaliate against anyone who reports bullying will be disciplined in accordance with the district's discipline code. Such discipline may include detention, in-school suspension, out-of-school suspension, expulsion, removal from participation in activities, exclusion from honors and awards, and other consequences deemed appropriate by the principal or superintendent. The district will also contact law enforcement when required by law or notify social media companies of inappropriate online activity when appropriate.

Even in situations where the district does not have jurisdiction to discipline a student for bullying, such as when the acts take place off campus and there is an insufficient nexus to the district, the principal or designee will take appropriate actions to assist student victims. Such actions may include, but are not limited to, contacting the parents/guardians of the victim and the alleged perpetrators, communicating that this behavior is not allowed on district grounds or at district activities, notifying the appropriate district staff to assist the victim, and taking additional action when appropriate, such as notifying law enforcement or social media companies of inappropriate online activity.

District employees and substitutes who violate this policy will be disciplined or terminated. Discipline may include suspension with or without pay, a negative evaluation, prohibition from being on district property or at district activities, mandated training or other appropriate remedial action. Volunteers who violate this policy will no longer be permitted to volunteer.

Policy Publication

The district shall annually notify students, parents/guardians, district employees, substitutes and volunteers about this policy and the district's prohibition against bullying. A copy of this policy shall be included in student handbooks and posted on the district's website.

Training and Education

The district's antibullying coordinator will provide information and appropriate training designed to assist employees, substitutes and volunteers who have significant contact with students in identifying, preventing and responding to incidents of bullying.

The district will provide education and information about bullying and this policy to students every year. The principal of each school, in consultation with school counselors and other appropriate school employees, will determine the best methods for facilitating the discussion. Methods may include, but are not limited to: assemblies; homeroom presentations; class meetings; team or club meetings; special presentations by counselors, social workers or mental health professionals; and open-house events. When practical, parents/guardians will be invited to attend.

In addition to educating students about the content of this policy, the district will inform students of:

1. The procedure for reporting bullying.
2. The harmful effects of bullying.
3. Any initiatives the school or district has created to address bullying, including student peer-to-peer initiatives.
4. The consequences for those who participate in bullying or engage in reprisal or retaliation against those who report bullying.

School counselors, social workers, mental health professionals, school psychologists or other appropriate district staff will educate students who are victims of bullying about how to overcome the negative effects of bullying including, but not limited to:

1. Cultivating the student's self-worth and self-esteem.
2. Teaching the student to defend him- or herself assertively and effectively without violence.
3. Helping the student develop social skills.
4. Encouraging the student to develop an internal locus of control.

Additional School Programs and Resources

The Board directs the superintendent or designee to implement programs and other initiatives to address bullying, respond to such conduct in a manner that does not stigmatize the victim, and make resources or referrals available to victims of bullying. Such initiatives may include educating parents/guardians and families on bullying prevention and resources.

Hazing

In order to promote a safe learning environment for all students, the Raytown C-2 School District prohibits all forms of hazing.

For purposes of this policy, hazing is defined as any activity, on or off school grounds, that a reasonable person believes would negatively impact the mental or physical health or safety of a student or put the student in a ridiculous, humiliating, stressful or disconcerting position for the purposes of initiation, affiliation, admission, membership or maintenance of membership in any group, class, organization, club or athletic team including, but not limited to, a grade level, student organization or district-sponsored activity.

Hazing may include those actions that subject a student to extreme mental stress including, but not limited to, sleep deprivation, physical confinement, forced conduct that could result in extreme embarrassment or criminal activity, or other stress-inducing activities. Hazing may also include, but is not limited to: acts of physical brutality; whipping; beating; branding; exposing to the elements; forcing inhalation or consumption of any food, liquor, drug, tobacco product, or other substance; or any other forced physical activity that could adversely affect the physical health or safety of an individual.

Hazing can occur even when all students involved are willing participants. Hazing does not occur when a student is required to audition or try out for an organization when the criteria are reasonable, approved by the district and legitimately related to the purpose of the organization.

District staff, coaches, sponsors and volunteers will not permit, condone or tolerate any form of hazing or plan, direct, encourage, assist in, engage in or participate in any activity that involves hazing. District staff will report incidents of hazing to the building principal. The principal shall promptly investigate all complaints of hazing and administer appropriate discipline to all individuals who violate this policy. District staff who violate this policy may be disciplined or terminated.

Students participating in or encouraging inappropriate conduct will be disciplined in accordance with JG-R1. Such discipline may include, but is not limited to, suspension or expulsion from school and removal from participation in activities. The district will report hazing incidents to law enforcement when

required by law. Students who have been subjected to hazing are instructed to promptly report such incidents to a school official.

The superintendent will provide for appropriate training designed to assist staff, coaches, sponsors and volunteers in identifying, preventing and responding to incidents of hazing.

The district shall annually inform students, parents/guardians, district staff and volunteers that hazing is prohibited. This notification may occur through the distribution of the written policy, publication in handbooks, presentations at assemblies or verbal instructions by a coach or sponsor at the start of a season or program.

TRANSPORTATION

Automobiles and Parking

Driving to Raytown High School is a privilege. Students driving on school property must do so with a high level of safety. Those students must obtain a parking permit tag for a \$21.00 fee and display it in the designated area every school day.

- Always display your parking tags.
- Adhere to the 10 mph speed limit and drive with care.
- Do not loiter in cars when you arrive at school. Habitual tardiness related to student driving/tardiness may be considered a violation. A pass must be secured from the office to be in the parking lot during school hours.

- There is no reserved parking for students. Students may not park in any spot marked (examples: T, B&G, MUS, Visitor, FACS); parking in these areas will result in a ticket, loss of parking privileges, discipline, and/or towing/wheel clamp.

All parking violations are subject to a parking fee or \$10 ticket and subject to disciplinary actions. Students are responsible for the contents of their cars. Any parking violation may result in a ticket. (The degree of seriousness will be considered.) The school district is not responsible for damage or accidents that occur to student vehicles on school property.

Consequences:

- 1st Offense: Mandatory purchase of parking pass, ticket, and loss of parking privileges from 1 week to end of school year.

COMMON AREA EXPECTATIONS AND SCHOOL CLIMATE

BUILDING VISITORS

We encourage and advocate that all parents are involved in the lives of our students. However, classroom visitors can create a disruption to the regular educational environment, so we do ask that classroom visits be kept to a minimum. Custodial parents or legal guardians wishing to visit classrooms need to obtain permission from the administration at least one day in advance. Administration reserves the right to deny visitors to the classrooms. Students are not permitted to bring guests from other schools. All visitors will need to be buzzed in and state the reason for their visit.

We believe it is our responsibility to provide a safe learning environment for all students. To provide for this type of climate we ask that all parents/legal guardians follow the procedures listed below.

- Have. ready to check in when entering the building. Read and sign Board Policies KK and KK-AP.

- Wear a visitor pass at all times while in the building. Visitors must be escorted to and from any location in the building. No visitor is allowed in the building without an escort at any time, with the exception of during public events when the building is open to members of the public.
- Respect classroom instruction.
- Classroom visits are not for conferencing with the teacher, but rather to observe your student in the classroom setting. We expect you to respect the privacy of other students in the classroom.

**Conferences with individual teachers should be arranged by calling the teacher and scheduling an appointment with him or her. Telephone conferences can be arranged during teacher's plan times.

Any Other Behavior That is Serious and/or Disruptive to the Educational Process will be handled through the Regular Suspension Policy

Students are reminded there will be no student suspensions for Raytown C-2 Schools without proper review of the accusations and without all facts being investigated. Students suspended 9 days or less have the rights of appeal to the Principal if there is a question regarding the suspensions. Due process procedures will be followed.

The principal will review the case and may reduce, uphold, or increase disciplinary action per student handbook and school board policy. Finally, the principals and staff of Raytown C-2 Schools have the right and responsibilities to protect the learning environment from those who abuse it. We will maintain a firm, fair, reasonable, and professional approach to accomplish this end.

BIST, PBIS, CLASS ATMOSPHERE

The learning environment is extremely important. The student plays a large role in shaping this setting. Students are expected to abide by classroom guidelines to assist us in keeping our school and classrooms neat and orderly for your use. Failure to comply with classroom or school rules may result in disciplinary consequences for defiance and/or disruption to the learning environment.

BIST is a behavior support system that focuses on helping students process through situations where the student appears to be in the process of making negative behavior choices. Students may be asked to move to alternate locations in the classroom, neighboring classrooms, the recovery room, or other locations to allow time for the student to gain better perspective of appropriate behavior choices. The staff member will take charge of the situation and work to provide time for the student to comply with reasonable requests.

PBIS is a behavior support system that encourages students to displace behaviors that are: SAFE, RESPONSIBLE, RESPECTFUL, and PREPARED. These are universal expectations that apply in all school settings.

BIST and PBIS work to support students in the classroom environment. The programs are not a replacement for discipline and are not designed to address severe behavioral issues. It is the student's responsibility to adjust and adhere to the expectations of the classroom and school.

By this policy, the Board of Education prohibits the existence of gangs and gang activities as outlined below. No student on school property or in connection with any school-related activity shall:

COMPUTER & DISTRICT TECHNOLOGY USE VIOLATIONS

The Raytown School District has the ability to enhance education through the use of a district wide computer network, which includes the Internet. Access to the Internet provides students with the opportunity to participate in distance learning and to locate resources to meet their educational needs. They will also have the ability to examine a broad range of opinions and ideas in a variety of formats. Because information on the Internet appears, disappears, and changes, it is not possible to predict or control what students may locate. Our focus is on providing individual users with the understanding and skills needed to use the Internet in an appropriate manner, rather than in controlling the environment.

With this educational opportunity comes responsibility. The use of the network is a privilege, which may be revoked at any time for abusive conduct. Any concerns of Internet information will be handled in the same way that concerns regarding other educational resources are currently handled.

Raytown school board policies pertaining with other educational resources will also apply to Internet resources. District Technology Use Violations include but are not limited to unauthorized use of district owned technology equipment, unauthorized use of programs/internet, accessing email, pornographic, or inappropriate sites and accessing questionable materials if not approved by the teacher/librarian.

Students will be allowed to use cell phones, MP3 players, electronic books and laptop computers in non-instructional areas during **non-instructional** times.

These items may also be used in class only with the teacher’s permission and only when it is part of the instruction. The teacher may also allow students to call or text their parents when it is necessary. Use of electronics to record audio, pictures and video is prohibited in all areas of the building.

1st Offense: Electronic device confiscated in office and returned to student at the end of the school day

Subsequent Offenses: Phone confiscated in office and returned to a parent at the end of the school day

In cases when a parent cannot come in and the student has 3 or less violations, the student or another adult may pick the phone up after school after the phone has been in the office for 1 week.

In cases when a parent cannot come in and the student has more than 3 violations, the parent must come in to get the phone.

Social Media/Electronic Communication

Social networking sites such as Facebook, Twitter and Instagram, as well as other forms of electronic communications, can be an important part of a young person’s life. The administrative team at Raytown High wants to remind students to use good judgment when texting, posting, or sending information via these forms of communication. Any postings or communications sent via social networking sites and/or emails or texts which disrupt the educational environment, are subject to disciplinary actions.

They define what is deemed acceptable behavior for users of District technology, including the use of loaned devices, online communication, and the Internet. District policy states that “a user does not have a legal expectation of privacy in the user’s electronic communications or other activities involving the District’s technology resources.” In addition, “use of technology resources in a disruptive, inappropriate or illegal manner impairs the District’s mission,

squanders resources and shall not be tolerated. Therefore, a consistently high level of personal responsibility is expected of all users granted access to the District's technology resources." Protecting Students at School

Student safety remains a priority with our Online Safety curriculum. As a certified Common Sense Media District, our online safety program is derived from the Children’s Internet Protection Act (CIPA) recommended guidelines established through CommonSenseMedia.org. For more information on online safety and resources you can use at home, see the Online Safety resources on the District website.

All student devices will be filtered at home by the same software used in district. As with all content filters, it is important to remember that no filter is foolproof. The District has curriculum for all students that teach online safety. We encourage families to also discuss online safety. The District’s technology page has links to online safety and digital citizen resources for parents to use at home.

Board Policy EHB and EHB-AP1 allows for the monitoring of all District technology. As with all devices, the District has the ability to access the activity of any student/device regardless of if the activity is done on the district network.

MISC. REMINDERS, POLICIES, & PROCEDURES

School Closing

Should school be closed because of inclement weather, please watch local affiliates for ABC, CBS, FOX, or NBC or check local affiliate websites for an announcement. You may also access the district website at www.raytownschools.org.

ID Badges

Why do we have student IDs? Our major purpose is to be able to identify our own students and staff and thus be able to identify outsiders in order to continue our emphasis on a safe school environment.

Where should students have their ID's? All students must have their ID on their person. Students must have their IDs with them when they arrive on campus and IDs are to remain with them throughout the school day. Student need to produce ID upon requested. Failure to produce ID, student will have to purchase a new ID for the price of \$6.

Student Deliveries

Students may not have flowers or gifts delivered to them during the school day. Outside food (McDonald's, Wendy's, etc.) for students is not acceptable in classrooms and will not be delivered during the school day. All deliveries made by parents will remain in the office until the end of day. Students may not place their own deliveries from any service or restaurant such as Doordash, Uber Eats, Grubhub, Postmates, etc. This is a building safety and health issue. Parents and guardians are the only individuals that may provide outside food to students during the school day. Students will not be excused from class to eat outside food in the office and attendance consequences will apply. Students who meet outside delivery personnel will be subject to consequences in accordance with Board Policy.

Telephone

Students will **NOT** be called to the phone except in cases of emergency contact by parents/and as approved by administration or designee. Parent messages will be delivered to the student so that the student may return a call during the passing period or after school hours. Students may use office phones before school, after school and between classes only. Failure to comply may result in defiance or truancy.

Unauthorized or False Calls/ID/Passes

Forged, unauthorized and altered passes, false phone calls, using another student's ID badge, student handbook, etc. may result in disciplinary action including but not limited to truancy and/or defiance.

Concerns and Complaints Regarding Federal Programs Policy KLA

The district will use the following process to address specific allegations that the district has violated a federal statute or regulation regarding a program under the ESEA:

1. The person with the complaint ("complainant") must present a written complaint to the superintendent or designee that specifies the federal law or regulation alleged to have been violated and the facts supporting the allegation. Alternatively, the Department of Elementary and Secondary Education (DESE) will forward a complaint from a complainant to the district for resolution.

The superintendent or designee will investigate and provide a written response to the complainant within five business days of receiving the complaint unless additional time is necessary to investigate or extenuating circumstances exist. The superintendent or designee is authorized to contact the district's private attorney for assistance in determining whether a violation has occurred.

2. If the complainant is not satisfied, he or she may request that the issue be placed on the Board agenda at the next Board meeting, using the process outlined in Board policy.

The superintendent or designee will notify the complainant of the Board's decision and will provide the complainant a copy of DESE's Every Student Succeeds Act of 2015 (ESSA) Complaint Procedures.

3. If the Board does not hear the issue or if the complainant is not satisfied with the Board's response, the complainant may appeal the issue to DESE in accordance with DESE's complaint procedures.

Documentation and Release of Information

The district will maintain a copy of the complaint, a written record of the investigation and documentation of any written resolution, when applicable, in accordance with law. The superintendent or designee will complete a written summary of the investigation and, if a violation has occurred, a description of how the matter was resolved. If the complaint was first filed with DESE, the written summary must be completed within 35 calendar days of the complaint being filed with DESE and must be submitted to DESE.

The summary will be released upon request when required by law. The superintendent or designee will have the district's attorney review the documents before they are released to DESE, the complainant or any other person to protect the confidentiality of legal advice.

Prohibition against Retaliation

The Board strictly prohibits discrimination or retaliation against any person for bringing a concern to the attention of the district or participating in the complaint process. This prohibition extends to relatives and others associated with the person who brought the concern or complaint. The Board directs all district employees to cooperate in investigations of complaints.

If the complaint or issue is not resolved after working through the informal process, the grievant may file a written grievance with Ms. Shirley Earley, 6608 Raytown Road, Raytown, Missouri 64133 (816-268-7000)
