## **EXPLANATION OF FINANCE CHARGES**

1. Finance Charges. During the Billing Period that ends on the "Statement Closing Date" printed on the front of each Monthly Statement, your Account may, subject to stated exceptions and conditions, be assessed a Finance Charge for the applicable Billing Period. The Finance Charge may consist of one or more of the following: a cash advance fee finance charge (which is a fixed amount) and/or a periodic rate finance charge. Any periodic rate finance charge charged to your Account during the Current Billing Period is calculated by multiplying a monthly periodic rate times the "Cash Advance Average Daily Balance" and each "Same-as-Cash Purchase (or Promotional Item) Average Daily Balance" of your Account for the Current Billing Period and, if applicable, times the "Purchase Advance Average Daily Balance" of your Account for the immediately-preceding Billing Period (the "Previous Billing Period").

2. Balance Computation. The Cash Advance Average Daily Balance of your Account for the Current Billing Period is computed by adding together the "Cash Advance Daily Balance" for each day in the Current Billing Period and dividing that sum by the number of days in the Current Billing Period. The "Purchase Advance Advance Daily Balance" of your Account for the Current Billing Period is computed by adding together the "Purchase Advance Current Billing Period (exclusive of Same-as-Cash Purchase) and other Promotional items) and dividing that sum by the number of days in the Current Billing Period. The "Same-as-Cash Purchase (or Promotional Item) Average Daily Balance" for the Current Billing Period of each Same-as-Cash Purchase or Promotional item on your Account is computed by adding together the Same-as-Cash Purchase for each day in the Current Billing Period.

The "Cash Advance Daily Balance", "Purchase Advance Daily Balance" and "Same-as-Cash Purchase (or Promotional Item) Daily Balance" for \ each day in the <u>Current Billing Period</u> are calculated as explained below. For purposes of such calculations, each qualifying Purchase made under a "Same-as-Cash Program" is referred to as a "Deferral" for the period of time (the "Deferral Period") during which no periodic rate finance charge is assessed to your account for the Same-as-Cash Purchase pursuant to the terms and conditions of the promotional program. The transaction information section on the front of each Monthly Statement will reflect the amount of each Same-as-Cash Purchase and Promotional item posted to your Account, together with the date on which the Deferral Period for a Sameas-Cash Purchase will expire

A. If the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was zero or was paid in full within 25 days of the Statement Closing Date shown thereon, then: (i) the Cash Advance Daily Balance for each day of the Current Billing Period is calculated by taking the amount of all of your posted unpaid Cash Advances as of the beginning of that day, adding any new Cash Advances posted to your Account as of that day and subtracting any portion of any payments or credits posted to your Account as of that day that were applied against your posted unpaid Cash Advances, and (ii) the Purchase Advance Daily Balance for each day in the Current Billing Period will be zero, and the Purchase Advance Average Daily Balance will not be computed during the Current Billing Period

B. If, however, the New Balance (after subtracting all Deferrals) shown on your Previous Monthly Statement was not paid in full on or before the Payment Due Date shown thereon, then (i) the Cash Advance Daily Balance for each day in the Current Billing Period is calculated in the same way as described in subsection 2.A (i) above, and (ii) the Purchase Advance Daily Balance for each day in the Current Billing Period is calculated by taking the amount of all posted unpaid Purchase Advances (exclusive of Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges on your Account as of the beginning of that day, adding any new Purchase Advances (other than Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges posted to your Account as of that day, and subtracting any portion of any payments or credits posted to your Account as of that day, that were applied against your posted unpaid Purchase Advances (other than Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges.

C. Each Same-as-Cash Purchase (or Promotional Item) Daily Balance for each day in the Current Billing Period is equal to the difference between the original C. Each Same-as-Cash Purchase (or Promotional Item) Daily Balance for each day in the Current Billing Period is equal to the difference between the original amount of the Same-as-Cash Purchase or Promotional Item and the sum of all payments or credits posted to your Account prior to and as of that day that were applied against the Same-as-Cash Purchase or Promotional Item. The Purchase Advance Average Daily Balance for each day in the Previous Billing Period (exclusive of Same-as-Cash Purchase and Promotional Item. The Purchase Advance Average Daily Balance for each day in the Previous Billing Period and dividing that sum by the number of days in the Previous Billing Period. The Purchase Advance Daily Balance for each day in the Previous Billing Period is calculated by taking the amount of all Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges first posted to your Account during the Previous Billing Period that remain unpaid as of the beginning of that day, adding any new Purchase Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges posted to your Account as of that day, and subtracting any portion of any payments or credits posted to your Account as of that day, the Same-as-Cash Purchases Advances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges. The balances for Same-as-Cash purchases dayances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges. The balances for Same-as-Cash purchases dayances (other than the Same-as-Cash Purchases and Promotional items) and return check charges and documentation charges. The balances for Same-as-Cash purchases dayances (other than the Same-as-Cash Purchase Advance Average Daily Balance when the applicable Deferral Period expires and will no longer appear on your Monthly Statement as a separate Same-as-Cash

A periodic rate finance charge on a Same-as-Cash Purchase whose Deferral Period has expired will continue to be charged to your Account during each following Billing Period in which any portion of the Same-as-Cash Purchase whose Deferral Period has expired (i) appears in the transaction information section, and (ii), on the last page, is included in the "Account Summary" or the "Finance Charge" box, but will not be part of the "Finance Charge Computation" disclosed in the "Finance Charge Information" box. After expiration of the Deferral Period, Same-as-Cash Purchases will not be part of the "Finance Charge Computation" disclosed in the "Finance Charge Information" box. After expiration of the Deferral Period, Same-as-Cash Purchases will not be part of the "Finance Charge Computation" disclosed in the "Finance Charge Information" box. If the conditions described in (i) and (ii) above are both satisfied, you will avoid periodic rate finance charges on all Purchase Advances (including on Promotional items that are not Cash Advances, and other than accruals on Deferrals), return check charges and documentation charges first posted during the Current Billing Period. If the condition described in (i) above (relating to the payment of your prior balance) is satisfied, but the condition described in (ii) above (relating to the payment of your current balance) is not satisfied, then, at the beginning of the immediately-following Billing Period, a periodic rate finance charges on Plance will be assessed on all Purchase Advances (including Promotional items that are not Cash Advances, but excluding Deferrals) first posted to your Account during the Current Billing Period is such Finance Charge (culsive of Finance Advances Advances, but exclusive of Finance Advances Advances Average Daily Balance on which it was calculated (such Purchase Advance Average Daily Balance will be identified on the front of the last page of such following Monthly Statement as your "Average Daily Balance" for the "Previous Billing Period").
