Marlene DeVilbiss
Raytown School District
marlene.devilbiss@raytownschools.org

Dear Marlene,

Thank you for partnering with New Directions Employee Assistance Program (EAP) to support productive, healthy employees. In this contract year, new services have launched to help with the employee experience, substance use, stress, COVID-19 and more. Together, we can continue to offer employees and their household support for their mental health in an affordable, convenient way.

Renewal fees

Blue KC pays a subsidy on employees covered by a Blue KC policy. Based upon the reported employees, your rate for the contract year is as follows:

- 1,116 BCBS covered employees at \$15.30 per employee per year
- 226 non-BCBS covered employees at \$23.10 per employee per year
- \$16.61 per employee per year blended rate for billing

If this employee count needs to be adjusted or if you have any questions, please contact your Account Executive, Cathi Macy at cmacy@ndbh.com or 816-994-1425.

Thank you

As we head into a new contract year together, we want to thank you again for providing your employees better access to affordable, preventative mental health care. In this pandemic time, it's more important than ever.

With appreciation,

Christine Leslie
Senior Vice President, EAP & Health Promotions
