

Secondary School Monthly Update to Board of Education

April 2018

Southland CAPS

Academic Focus

- Students are finalizing research and work on their passion projects to prepare for their Passion Project Gallery Walk in May.
- Instructors are visiting internship locations for the second round of visits prior to the final evaluations.
- Business partner projects are being finalized and students are preparing for final presentations with partners.
- Students have submitted their applications for National Technical Honor Society.

Business/Community Focus

- We have increased to 75% of our Southland CAPS students placed in internships for all or a portion of second semester. The remaining students are working with local business partners to spread our reach through the community and to gain industry experience.
- In anticipation of our new courses, we are continuing to lay our foundations for Education Exploration.
- We visited Washington CAPS at Four Rivers Career Center to see how they have implemented the CAPS Network into their career center.
- Business Partners will be invited to our Passion Project Gallery Walk and awards show.

Upcoming School Events

- Southland CAPS Passion Project and Awards Night – May 9
- Meet the Teacher – May 10
