<b>Vendor</b>	Cengage Big Ideas	Reveal Mathematics
<b>REPRESENTATIVE</b>	Bev.Jones@cengage.com	molly.musson@mheducation.com
<b>DATE RECEIVED</b>	1/30/2023	2/1/2023
Cost	~228,259.50	\$268,706
Professional Learning	Included with purchase	Offered free introduction workshops with built in professional learning options. Current Reveal partner with elementary resources. PL included with purchase.
STEM Connections	One STEM video per unit	Multi-cultural with real world learning applications. Lesson launches use inquiry based instructions with current real world situations.
Online Resources & Notes	Not as easy to manipulate or customize to meet student needs. Digital platform was not as seamless with concrete materials.	Intutive for teachers to navigate and learn on own- easily customizable. Built in assessment systems. Interactive online student resources. On-line access in multiple platforms adjusted to screen (student phone, laptop, tablet, etc.) Student work is saved offline if having internet trouble and is synced. Computer adaptive tool to differentiate to student needs- ALEKs included.
Level of Rigor	Tasks were not deep enough to elicit student understanding	Rich tasks and probes with application problems within assessments scaffold in a way to build student confidence with word problems
