Thanks, Matt. Tammy's family managed to avoid covid but not cancer. I think it's all the chemicals they constantly spray on farmlands across America. Makes you wonder about the food we are eating.

I will talk to front desk and let them know you are coming today. I'll email you to give you an update once I know where they are storing everything. A couple of bins of stuff, plus some Tang Math kits, etc.

I have high hopes for your career trajectory. I'm thinking I will be reading about you and your school some day. For good stuff, not bad stuff!

I am sorry to hear that. Yes, I can come by this evening after school and grab them. Let me know if there is anything you need or if there is something I can do to help you and Tammy while you are in transition. Safe travels and positive thoughts to you all.

I want to make sure you get this stuff. We are leaving town today, not sure when we will be back. If I leave it downstairs are you able to pick it up? I would drop it off but life is crazy right now. Tammy's sister started hospice yesterday so we are rushing to Kansas.

We will absolutely take them, thank you for thinking of us. Where are you headed to?

Hi Matt,

Tammy and I are on the move again and we are cleaning out our condo. I have lots of Cuisenaire Rods and Unifix Cubes, and a bunch of my Tang Classroom Kits, Numtanga & Kakooma cards, dice, etc.

I am hoping to give them to somebody that will actually use them, rather than stick them in a closet somewhere. Might that person be you or any of your teachers?

If so, I can leave them here at my building for you. Just let me know. I have a list of folks I will offer them to so don't feel any pressure to take them.

Hope all is well!  
Greg
