

FY22 Budget Goals

This survey is designed to provide direction in the development of the FY22 budget. The items to be ranked were suggestions of finance committee members in December. There are also sections to provide feedback related to other priorities not listed; possible areas of reduction; and generating revenue through the operating levy. Finally a section for other comments. All results will be provided to the board for review and further discussion. The end product from that discussion will be goals that will provide the needed direction to build the FY22 preliminary budget.

Thank you.

If possible, please have this completed by Friday, February 12th. Thank you.
