Dear Marlene Nagel,

The Raytown School District would like to express our sincere appreciation for the opportunity to accept \$30,000 in funding from the Kansas City Regional Covid-19 Response and Recovery Fund. This one time monetary donation, will be used during the time period of July 1, 2022- June 30, 2023 for our discretion to address Mental Health Supports. Raytown Schools is planning a district wide professional development, 2022-2023, for twelve schools entire staff utilizing the Mental Health Supports of Trauma Smart Training. This will have a long-lasting positive impact to the staff, students and families of Raytown on how adverse childhood experiences impacts the development of the brain and its functioning.

The Trauma Smart Training will be conducted after school hours, once a month on our Wednesday Professional Development time and the funding will be used for the staff training. Greater Kansas City Community Foundation's generous support to the Raytown School District will be wisely invested, supplement staff time for training, and enhance the professional development with our collaboration and partnership with Trauma

Smart of Critten Children's Center. I will provide a 1-2 page written summarization of our mental health training of Trauma Smart on June 1, 2023. This will highlight the results of your generous investment of funds to the Raytown Quality School District. The investment of \$30,000 for mental health supports through Trauma Smart Training will leave a positive impact in our community.

The Raytown Quality School District is very thankful for generous support from the Kansas City Regional Covid-19 Response and Recovery Fund. Thank you very much.

Respectfully yours,

Dr. Robert Cordell

Director, Raytown Schools

To: Marlene Nagel <MNAGEL@marc.org>, Julie Solomon <jasolomonconsulting@gmail.com>

Congratulations. The Advisory Board for the COVID-19 Regional Response and Recovery Fund has approved your grant request to address behavioral health needs. The Greater Kansas City Community Foundation will be contacting you and issuing checks for your organizations. They will provide details on reporting requirements. We appreciate all you do to serve our community and hope this modest grant will allow you to meet urgent needs.

We recognize that the grant will not meet all of the behavioral health needs for children, youth and adults in our region, and several funders have asked us to reach out to better understand ongoing needs. I hope you will be willing to answer a brief survey that we'll send out next week. The survey information will help area foundations as they consider how to build on the support provided by the COVID-19 Fund.

Let us know if you have questions.

Marlene Nagel

Community Development Director

Marlene,

Thank you very much for selecting the Raytown School District. The generous funds provided to our district from the Mid America Regional Council, will be a great support for our Trauma Smart Training for staff.

I will be glad to assist with the survey information. Feel free to contact me at anytime for follow up on the check and any grant related forms between our two organizations.

Thank you again from the Raytown School District. We appreciate your support and generosity,

Thanks again,

Dr. Robert Cordell
