Telephoning about billing errors will not preserve your rights under federal law. See the Billing Rights Summary on the reverse side.

| Interest Charge Calculation |  |  |  |
| :--- | :---: | :---: | :---: |
| Your Annual Percentage Rate (APR) is the annual interest rate on your account |  |  |  |
|  | Annual |  |  |
| Current Billing Period | Percentage | Balance Subject to | Interest |
| Type of Balance | Rate (APR) | $\underline{\text { Interest Rate }}$ | Charge |
| Purchases | 0.00 | 0.00 | 0.00 |
| Cash Advances | 0.00 | 0.00 | 0.00 |

Periodic rates and APRs may vary. See your Cardmember Agreement for an explanation. There is a 25 -day grace period for Purchases but not for Cash Advances. You can avoid additional finance charges on Purchases if you pay the New Balance within 25 days of the Statement Closing Date (which may not be the same as the Payment Due Date). See reverse side for important information and disclosures and, if an Annual Fee was posted above, regarding renewals

For statements dated on or after March 24, 2023, your Account's Average Daily Balances for the Previous Billing Period will no longer be included in the calculation of your Account's Periodic Rate Finance Charge, we will continue to calculate your daily balance for each category of transactions (i.e., Purchase Advances, Cash Advances and Promotional Items), as provided in your Cardholder Agreement. However, we will now calculate the daily balance for each category of transactions only for the Current Billing Period covered by the Current Monthly Statement.

We will add up all the daily balances for each transaction type for each day in your Current Billing Period, and divide by the total number of days in the Current Billing Period to arrive at the Average Daily Balance for each transaction type. We will then divide the applicable Annual Percentage Rate for each category of transactions by 365 . This gives us your "Daily Interest Rate." Finally, we will multiply the applicable Daily Interest Rate for each type of transaction by the Average Daily Balance for that category of transactions and multiply that total by the number of days in the Current Billing Period.
