The district has not increased meal prices since the 2014-15 school year. Since that time, the district has absorbed the increasing costs of food, kitchen equipment, and labor. In fact, the total cost of Food Service Department operations this past year alone, has risen from \$4.9 Million (2021-22) to \$6.1 Million (2022-23). We believe that these pricing increases will help to offset inflation without causing hardship for our families.
