**Underwriter Engagement Agreement
Supplemental Disclosures
For
New Issues of Municipal Securities**

The Municipal Securities Rulemaking Board (“MSRB”) issued an interpretive notice (“Notice”) relating to Rule G-17, effective August 2, 2012. The Notice requires that Underwriters must provide certain additional disclosures to Issuers of municipal securities as part of the dealer’s fair dealing obligations under Rule G-17 when acting as an Underwriter for a negotiated underwriting of an Issuer’s new issue of municipal securities.

George K. Baum & Company’s Role as Underwriter

- (1) MSRB Rule G-17 requires the Underwriter to deal fairly at all times with both municipal issuers and investors.
- (2) One of the Underwriter’s primary roles will be to purchase bond issues with a view to distribution in an arm’s-length commercial transaction with the Issuer, and the Underwriter has and will have financial and other interests that differ from the Issuer’s interests.
- (3) Unlike a municipal advisor, the Underwriter does not have a fiduciary duty to the Issuer under the federal securities laws. The Underwriter, therefore, is not required by federal law to act in the Issuer’s best interests without regard to the Underwriter’s own financial or other interests.
- (4) The Underwriter has a duty to purchase securities from the Issuer at a fair and reasonable price, but must balance that duty with its duty to sell bond issues to investors at prices that are fair and reasonable.
- (5) For the Issuer’s bond issues that the Underwriter underwrites, the Underwriter will review the Issuer’s official statement, in accordance with, and as part of, the Underwriter’s responsibilities to investors under the federal securities laws, as applied to the facts and circumstances of the transaction.

The Underwriter also must not recommend that the Issuer not retain a municipal advisor.

The Underwriter’s Compensation

The Underwriter’s compensation for serving as the underwriter for the Issuer’s bond issuances will be contingent on the closing of the transaction and at least a portion of that compensation will be based on the size of the bond issue. The rules of the MSRB require the Underwriter to inform the Issuer that compensation that is contingent on the closing of a transaction or the size of a transaction presents a conflict of interest, because it may cause the Underwriter to recommend a transaction that it is unnecessary or to recommend that the size of the transaction be larger than is necessary.

Bond Issuances Present Risks to the Issuer

As with any bond issue, the Issuer’s obligation to pay principal and interest will be a contractual obligation that will require the Issuer to make these payments no matter what budget constraints the Issuer encounters. Furthermore, to the extent that the Issuer agrees in a bond issue to rate covenants, additional bond tests or other financial covenants, these may constrain the Issuer’s ability to operate and to issue additional debt, and if the Issuer does not comply with these covenants, they can result in a default under a bond issue. Depending on the terms of a bond issue, if the Issuer fails to make a payment of principal or interest or if the Issuer otherwise fails to comply with its covenants under the bond issue, the trustee may have the right to accelerate all

of the payment of principal on the bond issue, which means that the Issuer may be required to pay all of the principal of the bond issue at that time.

George K. Baum & Company will provide additional disclosures to the Issuer from time to time, as may be required by the provisions of MSRB Rule G-17.
