FORWARD

The intent of this handbook is to provide information for all Raytown employees. This handbook will help with questions and pave the way for a successful year. Not all district policies and procedures are included, and those that are included have been summarized.

This handbook is neither a contract nor a substitute for the official district policy manual. It is not intended to, and it does not, alter the at-will status of non-contract employees in any way. Rather, it is a guide to and a brief explanation of district policies and procedures related to employment. The policies stated in this handbook are reviewed and revised as needed by the Office of Human Resources. They can change at any time and will be incorporated in the handbook on a continuing basis (when they become effective as approved by the Raytown Board of Education). These changes shall supersede any handbook provisions that are not compatible with the change. Although it is expected that this handbook will align with the district policies, to the extent any discrepancy is identified, the district policies are prevailing. To the extent this handbook varies from any other District handbook created by a specific school, department, or other Raytown school district entity, this handbook and district policies are prevailing. If you have any questions, please feel free to contact the Office of Human Resources.

Corrections or suggested clarifications are welcome and should be submitted in writing to the Office of Human Resources. For more information, employees may refer to the policy codes that are associated with handbook topics, confer with their supervisor, or call the Office of Human Resources. District policies can be accessed online at www.raytownschools.org. Click on policies under District Info.

LEGAL NOTICES

Drug-Free Workplace

Student and employee safety is of paramount concern to the Board of Education. In recognition of the threat to safety posed by employee use or possession of drugs or alcohol, the Board of Education commits itself to a continuing good-faith effort to maintain a drug-free workplace. The Board of Education shall not tolerate the manufacture, use, possession, sale, distribution or being under the influence of controlled substances, alcoholic beverages or unauthorized prescription medications by district employees on any district property; on any district-approved vehicle used to transport students to and from school or district activities; off district property at any district-sponsored or district-approved activity, event or function, such as a field trip or athletic event, where students are under the supervision of the school district; or during any period of time such employee is supervising students on behalf of the school district or is otherwise engaged in school district business.

When it is evident that an employee has consumed alcoholic beverages or controlled substances off school property before or during a district activity, the staff member will not be allowed on school property or to participate in the activity and will be subject to the same disciplinary measures as for possession or consumption on district property.

Staff members will be tested for alcohol and controlled substances if the district has reasonable suspicion that the staff member has violated this policy. In addition, staff members who operate district transportation must submit to alcohol and drug testing as otherwise required by law. All testing will be conducted in accordance with Board policy, administrative procedures and law.

Any employee who violates this policy will be subject to disciplinary action, which may include suspension, termination and referral for prosecution. Employees may be required to satisfactorily participate in rehabilitation programs.

Each employee of this school district is hereby notified that, as a condition of employment, the employee must abide by the terms of this policy and notify the Superintendent or designee of any criminal drug statute conviction for a violation occurring in or on the premises of this school district, or while engaged in regular employment. The employee must make such

notification to the Superintendent or designee in writing no later than five (5) calendar days after conviction. The Superintendent or designee will provide notice in writing of such violation to the United States Department of Education or other appropriate federal agency within ten (10) calendar days after the Superintendent or designee receives such notification if the district receives any federal grants directly from such agency, as opposed to federal grants received through the Department of Elementary and Secondary Education (DESE). The district will take appropriate disciplinary action within 30 days.

The district will institute a drug-free awareness program to inform employees of the dangerous and harmful nature of drug and alcohol abuse in the workplace, of this policy of maintaining a drug-free workplace, of available counseling and rehabilitation, and of the penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.

The Board of Education recognizes that employees who have a drug abuse problem should be encouraged to seek professional assistance. Although the district will not assume financial responsibility, an employee who requests assistance shall be referred to a treatment facility or agency in the community if such facility or agency is available.

Upon the request of DESE or an agency of the United States, the district shall certify that it has adopted and implemented the drug prevention program described in this policy. The district shall conduct a biennial review of this policy to determine its effectiveness, implement necessary changes and ensure that the disciplinary sanctions are consistently enforced.

This policy shall be communicated in writing to all present and future employees.
Compliance with this policy is mandatory.

Board Policy GBEB A

Tobacco-Free District (Tobacco or Tobacco Products)

To promote the health and safety of all students and staff and to promote the cleanliness of district property, the district prohibits all employees, students and patrons from smoking or using tobacco products in all district facilities, on district transportation and on all district grounds at all times. This prohibition extends to all facilities the district owns, contracts for or

leases to provide educational services, routine health care, daycare or early childhood development services to children. This prohibition does not apply to any private residence or any portion of a facility that is used for inpatient hospital treatment of individuals dependent on, or addicted to, drugs or alcohol in which the district provides services.

Students who possess or use tobacco products on district grounds, district transportation or at district activities will be disciplined in accordance with Board policy. **Board Policy AH**

HIPAA – Health Insurance Portability and Accountability Act

As part of the implementation of the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”), the Department of Health and Human Services (“HHS”) has adopted standards for protecting personal health information. These regulations address the security and privacy of health data. The regulations set forth comprehensive compliance requirements that will affect both the provision of health benefits to employees and health-related services provided by school systems to their students, for which the school systems are reimbursed by Medicaid.

Equal Opportunity Employment

As a political subdivision, employer, recipient of federal funds and educational institution, the Board of Education is prohibited from, and hereby declares a policy against, engaging in unlawful discrimination, including harassment creating a hostile environment, on the basis of race, color, religion, sex, national origin, ancestry, disability, age or use of leave protected by the Family and Medical Leave Act, in its programs, activities and with regard to employment. The Board is an equal opportunity employer. The Board designated compliance coordinator is the Director of Administrative Services, 816-268-7000.

Marital, maternal or paternal status shall not affect the rights and privileges of district students to receive an education. Those students are eligible to participate in all activities and receive all honors the same as any other students enrolled in the school district. **Board Policy AC**

Discrimination and Harassment

Anti-Discrimination Law Compliance

As a political subdivision, employer, recipient of federal funds and educational institution, the Board of Education is prohibited from, and hereby declares a policy against, engaging in unlawful discrimination, including harassment creating a hostile environment, on the basis of race, color, religion, sex, national origin, ancestry, disability, age or use of leave protected by the Family and Medical Leave Act, in its programs, activities and with regard to employment. The Board is an equal opportunity employer.

Marital, maternal or paternal status shall not affect the rights and privileges of district students to receive an education. Those students are eligible to participate in all activities and receive all honors the same as any other students enrolled in the school district.

Collateral Prohibitions

As part of this obligation, the Board is also prohibited from, and declares a policy against:

1. Retaliatory actions based on making complaints of prohibited discrimination or participation in an investigation, formal proceeding or informal resolution concerning prohibited discrimination;
2. Aiding, abetting, inciting, compelling or coercing discrimination; and
3. Discrimination against any person because of such person's association with a person protected from discrimination due to one or more of the above-stated characteristics.

Compliance Officer Appointment

To ensure that these obligations are met, the Board designates the following individual to act as the district's nondiscrimination laws compliance coordinator, who shall also be the appointee for all laws specifically mandating such an appointment, and who shall have the duty of keeping the Superintendent informed of the state of compliance with this policy district-wide:

Compliance Officer/Director of Administrative Services

10750 E State Route 350, Raytown, MO 64138

Phone: 816-268-7000 Fax: 816-268-7079

Reporting Complaints

Complaints and reports regarding discharge of the duties summarized in this policy should be addressed to the compliance officer. Any employee of the district or member of the Board of Education who becomes apprised of a possible violation of this policy must report the matter to the officer. In the event the compliance coordinator is the subject of a report that would otherwise be made to the compliance coordinator, reports should instead be directed to: Assistant Superintendent of Human Resources, 6608 Raytown Road, Raytown, MO 64133-5265, Phone: 816-268-7000/Fax: 816-268-7009, who will assume the officer's duties for the purpose of that complaint.

Grievance Procedure and Resolution of Complaints

The Administration will establish an effective grievance procedure and take any other actions necessary to carry out this policy, with due regard for the substantive and procedural rights of all parties concerned.

Confidentiality and Records

To the extent permitted by law, any public record held by this school district that is generated or received pursuant to this policy shall be closed and available only to the Board acting as a quorum, a committee appointed by the Board to carry out this policy on a permanent or ad hoc basis, the compliance officer and other administrators whose duties require access to the record in order to carry out this policy. Such persons may share access, on an individual basis, to such records with complainants or participants in a grievance or other resolution; only to the extent such disclosure promotes the purposes of this policy and is not prohibited by FERPA or any other law. Certain other limited disclosures may be required when material in the records is integral to an action affecting a constitutionally recognized property or liberty interest.

Public Notice and Dissemination

A copy of this policy will be posted in a public area of each building used for instruction and/or administrative offices. A copy of this policy will also be distributed annually to employees, parents or guardians, and students. The administration is directed to further publicize this policy and provide for such training or instruction as necessary to ensure district-wide

compliance with anti-discrimination laws, including instruction in recognizing behavior indicative of a violation of this policy.

Limitations

Nothing in this policy shall be construed as creating a cause of action. Neither the proscriptions of, nor actions taken under, this policy shall on that basis stop the Board from fully arguing for or against the existence of any fact and the scope or meaning of any law in any forum.

Board Policy AC

PROFESSIONAL AND PERSONAL CONDUCT

Staff Conduct

The Board of Education expects every employee to act professionally, ethically and responsibly; use good judgment; and do what is necessary to maintain a safe learning environment and positive relations with students, parents/guardians, coworkers and the public. In addition to expectations in other Board policies and directives from supervisors, district expectations for employees include, but are not limited to, the following:

1. Become familiar with, enforce and follow all applicable Board policies and regulations, administrative procedures, other directions given by district administrators and supervisors, and state and federal laws.
2. Maintain courteous and professional relationships with students, parents/guardians, other district employees and the public, which shall include the timely response to phone calls and e-mails as shall be set forth in administrative procedure. Transmit constructive criticism to the particular school administrator or supervisor who has the administrative responsibility to address the concern. Employees will not be disciplined for speech that is protected by law and are encouraged to share concerns with their supervisors.
3. All communications with students shall be professional, appropriate and in accordance with state law. This includes electronic forms of communications such as e-mail, texts, social media and other user-generated media, as well as conferencing with students.
4. Actively participate in professional development and obtain information necessary to effectively perform the employee's job duties.

5. Conduct all official business in a professional and timely manner. Meet deadlines set by the district, administrative staff and supervisors. Conduct business with the appropriate designated person or department.
6. Care for, properly use and protect school property. Immediately report all dangerous building conditions to the building supervisor and take action to rectify the situation in order to protect the safety of students and others. Take appropriate action to prevent loss or theft of district property, and immediately report loss or theft of district property.
7. Attend all meetings called by supervisors or the district administration unless excused. Arrive at work and leave work at the time specified by the district or as directed by a supervisor, and follow district policies, procedures and directives regarding absences. All nonexempt employees must receive permission from a supervisor prior to working overtime.
8. Maintain records as required by law, Board policy and procedure, and do not destroy records unless authorized to do so. Keep all student records, medical information and other legally protected information confidential. Submit all required documents, information, data or reports at the time requested. Employees must not falsify records, create misleading records or compromise the accuracy and security of district data.
9. Properly supervise all students. The Board expects all students to be under assigned adult supervision at all times during school and during any school activity. Employees must not leave students unsupervised except as necessary to handle an emergency situation.
10. Obey all safety rules, including rules protecting the safety and welfare of students.
11. Communicate clearly and professionally. Employees will not use profanity and will not raise their voices unless necessary. Written communication must be grammatically correct. Employees will not be disciplined for speech that is protected by law and are encouraged to share concerns with their supervisors.
12. Dress in a professional manner that does not interfere with the educational environment and as directed by administrators or supervisors.
13. Other than commissioned law enforcement officers, school employees shall not perform strip searches, as defined in state law, of students except in situations where an employee reasonably believes that the student possesses a weapon, explosive or substance that

poses an imminent threat of physical harm to the student or others and a commissioned law enforcement officer is not immediately available.

14. School employees shall not direct a student to remove an emblem, insignia or garment, including a religious emblem, insignia or garment, as long as such emblem, insignia or garment is worn in a manner that does not promote disruptive behavior.
15. State law prohibits teachers from participating in the management of a campaign for the election or defeat of a member of the Board of Education that employs such teacher.
16. Unless otherwise allowed by law, employees may not engage in political campaigning during the working day or during times when they are performing their official duties.
17. Employees will not represent their personal opinions as the opinions of the district and, to avoid confusion, are required to clearly indicate when they are speaking or writing as an individual and not a representative of the district.

Board Policy GBCB

Staff Conduct – Staff Dress Code

The Board of Education expects that each professional and support staff member shall dress professionally and in a manner that will not interfere with the educational environment. District staff are involved in the profession of education, and should strive for a level of dress consistent with the position and type of work the staff member performs. Although "good taste" is often a matter of individual opinion, each staff member should dress to convey a professional image of the school district to all members of the community. Recognizing that there is a range of appropriate and professional dress for educational staff, the following guidelines will assist staff and administrators in determining appropriateness:

1. Clothing and footwear should be clean and in good condition.
2. Clothing should not attract inappropriate attention to the staff member, i.e., clothing that is too tight, too loose and/or too revealing.
3. Logos, designs and other writing on clothing should be appropriate to the school setting, i.e., no advertising for alcohol, tobacco, drugs; not sexually suggestive or provocative.
4. Footwear that is professional and deemed appropriate by district administration. Casual pants, slacks, skirts and collared shirts are acceptable.
5. Blue jeans may be worn as approved by the district administration.

6. Spaghetti straps; short shorts; low riding pants; shirts, blouses and dresses that do not cover the front, back, waist or midriff are not acceptable.
7. Jewelry affixed to the nose, tongue, cheek, lip or eyebrow is not appropriate.
8. Staff members are expected to choose the highest level of professional dress for formal occasions of interaction with parents and community members (e.g., commencement, parent teacher conferences, and other occasions as deemed appropriate by district administrators).

The above examples, while not all inclusive, serve as a guide to appropriate attire.

Exceptions for appropriate attire may differ in different school situations. Any questions should be directed to the principal who is responsible for maintaining the standard of appropriate school attire. The principal will make the final decision on the appropriateness of any staff member's attire.

The district will make reasonable accommodations for persons with disabilities or to accommodate an employee's religion in accordance with law. **Board Policy CBCB-AP**

Staff Dispute Resolution – Conflict Resolution Procedure

It is the intent of the Board of Education to address staff complaints and grievances at the earliest possible time and at the lowest level of supervision. Therefore, the Board directs the Superintendent or designee to create a procedure detailing how employees may bring complaints and receive responses to their complaints.

If a complaint has been made to the employee's immediate supervisor, building-level supervisor, and the Superintendent or his/her designee and the employee has received responses from these persons, the employee may appeal to the Board of Education. The employee must submit a written request for an appeal within five (5) workdays after receiving a decision from the Superintendent. The decision of the Board will be final.

Complaint processing should be viewed as a positive and constructive effort to establish the facts upon which the complaint is based and come to a fair conclusion. Employees will not be discriminated against nor will reprisal be attempted against an employee because a complaint was filed.

I. Definition

Complaint and/or Grievance: An employee's assertion that he or she is adversely affected by a violation, misinterpretation or misapplication of a published district policy, procedure or regulation, or of an employee handbook, employee contract or existing law. Complaints relating to discrimination or harassment will be resolved in accordance with policy AC and Regulation AC-R.

II. Exclusions

This regulation shall not apply to complaints for which state law establishes a procedure for obtaining a Board hearing. In addition, complaints about non-renewal of a probationary teacher's contract, or about any other official Board action, shall be directed to the Board; and a hearing on the same, unless required by state law, shall be discretionary with the Board. Complaints concerning evaluations, except those which lead to a loss of pay, will be excluded.

Board Policy GBM

DUTIES AND RESPONSIBILITIES

Professional Development

The District will provide for professional growth through the following:

1. Establish a Professional Development Committee (PDC) that will adopt and implement a Professional Development Plan (PDP) based on the district's Comprehensive School Improvement Plan (CSIP).
2. Allocate adequate funding for professional development as required by state law.
3. Provide leave and dismissal time for approved professional growth activities.
4. Provide opportunities for advancement on the salary schedule with additional education or training in accordance with Board policy and PDC procedures.

Reimbursements for expenses related to conferences and visitations will be as approved by the Superintendent in accordance with district procedures, provided that the expenses are within budget allocations.

Board Policies and Administrative Procedures GCL/GCL-AP1

Professional Development – Conferences and Travel

Individuals requesting to attend a professional meeting should submit a Professional Meeting Attendance Request form for approval. The Associate Superintendent of Curriculum and Instruction must receive the form and Assessment not less than two weeks prior to the intended departure date for the meeting.

After returning from an approved meeting, the Request form, along with a completed expense form, should be returned to the Associate Superintendent's Office within twenty (20) days. Receipts verifying expenditures must accompany the forms in order for the reimbursement to be approved and processed. Failure to obtain approval for meeting attendance as stated above may result in no reimbursement for expenses plus the loss of a day's pay for each day absent from work.

Money is allocated for staff attendance and expenses at professional development meetings according to the following guidelines:

1. The exact amount of the allocation is determined by the amount available within the District's budget based on the one percent rule per annual state funds.
2. All expenses, including substitute costs, related to the staff member's travel will be charged against the building allocation.
3. Building allocations for travel related expenses are cumulative to a maximum of two times the annual allocation.
4. Mileage reimbursement will not be approved for local trips of fifty miles (round trip) or less. Travel expenses will be allotted at the rate as determined by the Board of Education per mile traveled per car driven or actual common carrier (i.e., airlines, train) expense.

Board Policy GCL-AP2

Evaluations

To assure high quality professional staff performance, and to advance the instructional programs of the Raytown C-2 School District, the Board will require a program of comprehensive, performance based evaluations for each professional staff member it employs. The evaluation shall be ongoing and of sufficient specificity and frequency to provide for demonstrated standards of competency and academic ability.

Classified employees are evaluated with a classified employee's appraisal form based on their job functions.

Staff Absences and Tardiness

Consistent contact with students and coworkers is necessary for an optimal learning environment and an effective working environment. Therefore, consistent attendance is an essential duty of any employee's position. While some absences are unavoidable, when an employee is routinely tardy, frequently absent or is absent for an extended period of time, the learning environment and district operations are negatively impacted.

Employees may be disciplined or terminated for excessive absences or tardiness, which includes situations where employees come to work late, leave early or abandon their duties without permission from a supervisor. Unless authorized by the Board or the Superintendent or otherwise authorized by law, an employee's absence or tardiness will be considered excessive or unreasonable in any of the following circumstances:

1. The absence is for a reason not granted as paid or protected leave under Board policy or law.
2. The absence results in the employee exceeding the amount of leave granted by the Board.
3. The employee has not otherwise exhausted applicable leave days, but the absence exceeds 3 days a month, 10 days in a semester or 20 days per school year or is otherwise disruptive to district operations, as determined by the district.
4. The employee fails to appropriately notify the district of an absence as soon as possible after the employee knows he or she will be absent (commonly called No-Call, No-Show).
5. The employee does not provide the district complete and accurate information about the absence, does not respond to requests for information, or does not provide documentation related to the absence as requested or required.
6. The employee does not first obtain permission to be absent from the appropriate supervisor when required to do so.
7. The absence is for any reason other than the one given for the absence. Even if the absence or tardiness is authorized by the Board or the Superintendent, if the absence or tardiness occurs for a reason not granted as paid leave under Board policy or if it exceeds the number of days the employee has been granted under a designated leave, the employee's salary will be docked. Violation of this policy constitutes misconduct and may result in the loss of unemployment benefits if a claim is filed.

Employees will not be disciplined or terminated for absences qualifying for protection under the Family and Medical Leave Act (FMLA), the Uniformed Services Employment and Reemployment Rights Act (USERRA) or other applicable law. **Board Policy GBCBC**

Absence Reports

All absences are to be entered into Absence Management, the District's substitute placement and absence management system. It is encouraged that the absence be entered prior to the day the absence is to occur. However, in the case of illness an absence should be entered before the start of an employee's work day. All twelve (12) month employees will receive two (2) to three (3) weeks of vacation per year. An employee must submit a request for vacation using Absence Management. If the employee's absence disrupts district operations, the Superintendent or designee has the discretion to deny a request for vacation or to limit the time of year the employee may take his or her vacation. **Board Policy GCBDA/GDBDA**

Leave Policies and Regulations

Consistent contact with students and staff is important to the learning environment and district operation and therefore is an essential duty of a professional staff member's position. However, the Board recognizes that there are circumstances that require an employee to miss work, and the purpose of this policy is to identify situations where paid and unpaid leave from work are appropriate.

The district may require an employee to provide the district verification of illness from a healthcare provider or supply other documentation verifying the absence before the district applies sick leave or other applicable paid leave to the absence. In accordance with law, the district may require an employee to present a certification of fitness to return to work whenever the employee is absent from work due to the employee's health.

The following leaves with pay will be provided to full-time (30 hours or more per week) professional staff employees. This policy does not apply to temporary or substitute staff members unless otherwise noted.

Persons in the following types of employment are not entitled to leave benefits:

- ▶ Casual employees who work on an on-call or as-needed basis.
- ▶ Part-time employees who work less than 30 hours per week on a normal basis.
- ▶ Probationary employees who have worked less than 60 days.

Leave days are earned at the rate of one day a month, but full credit for total eligible leave days will be awarded annually at the beginning of each year, or fiscal year, July 1. Leave days will not be reinstated upon re-employment after a previous resignation or termination from the school district. All leave must be taken in 15-minute increments.

1. Paid Leave for Illness – Full-time district employees earn one day of paid leave for each month worked, but full credit for total eligible leave days will be awarded at the beginning of each school year. Professional staff employees whose assignments call for 12 months of full-time employment will receive 12 days of paid leave, those with 11 months of full-time employment will receive 11 days of paid leave, and those whose assignments call for ten months of full-time employment will receive ten days of paid leave. Unused paid leave will be cumulative to 100 paid leave days. Absences for illness may be charged against paid leave for the following reasons:
 - a. Illness, injury or incapacity of the employee. The Board reserves the right to require a healthcare provider's certification attesting to the illness or incapacity of the claimant and/or inclusive dates of the employee's incapacitation. FMLA health certification procedures apply to FMLA-qualifying absences, even if such absences are paid leave.
 - b. Illness, injury, incapacity, or death of a member of the immediate family. The Board defines "immediate family" to include employee's spouse, parents, children, children's spouses, father or mother-in-law, brother or sister-in-law, grandparents, grandchildren and siblings, any other person over whom the employee has legal guardianship or for whom the employee has power of attorney and is the primary caregiver, or any other person as granted by the Superintendent. (Note: "Immediate family" for FMLA purposes is defined differently by federal statute.)
 - c. Illness, injury or incapacity of other relatives, with permission granted by the Superintendent.
 - d. Pregnancy, childbirth and adoption leave in accordance with this policy
2. Bereavement – Full-time employees may take up to three days per year for bereavement in the case of the death of an immediate family member. These days are in addition to the days provided for sickness and personal business. These days do not carry over to the

next year if not used. If the employee needs more than three days, he or she may use Paid Leave for Illness with permission of the direct supervisor. The Board defines "immediate family" to include employee's spouse, parents, children, children's spouses, father or mother-in-law, brother- or sister-in-law, grandparents, grandchildren and siblings, any other person over whom the employee has legal guardianship or for whom the employee has power of attorney and is the primary caregiver, or any other person as granted by the Superintendent. (Note: "Immediate family" for FMLA purposes is defined differently by federal statute.)

3. Personal Business Days – Full-time employees may designate up to four days earned each year as personal business days (PBDs). No more than two personal business days may be taken consecutively. If an employee has a critical event that requires more than two consecutive personal business days, he or she must request permission with an explanation to the Assistant Superintendent of Human Resources at least one calendar week prior to the first requested absences. Permission will be granted only for events that are deemed critical. Vacations are not considered critical. Whenever possible, it is expected that requests for one or two consecutive PBDs will be made in writing to the designated administrator at least 48 hours in advance of the time leave is requested. However, 30 days' notice is required by law if the leave qualifies as FMLA leave and such notice is practical. The administrator will respond promptly to the employee's written request.

The following conditions apply to PBDs:

- Only four leave days per year may be designated as PBDs.
- Only two PBDs may be used consecutively. If the employee would like to use three to four PBDs consecutively, the employee must request permission from the Assistant Superintendent of Human Resources at least one calendar week prior to the first absence. Permission will only be given for critical events such as the wedding of an immediate family member taking place out of state or a "once in a lifetime" event. Documentation will be required to substantiate the critical event. Permission will not be given for vacations.
- The following times are ineligible for employees to use PBDs:
 - Any day preceding or following a holiday or vacation period

- The contract days preceding the first day of school (This includes evening events such as “Meet the Teacher” night.)
- The first or last week of school
- Royals Opening Day
- St. Patrick’s Day
- Parent/Teacher Conferences (Employees that work these conferences may take up to three hours to attend their children’s conferences with permission from their immediate supervisor. Employees are responsible for scheduling a conference to accommodate their absence.)
- If an employee is absent on an ineligible day, he or she will not be paid unless:
 - The employee contacted his or her supervisor and the Assistant Superintendent of Human Resources prior to or the morning of the absent day with a personal illness, illness of a child, or death of an immediate family member. The supervisor or Assistant Superintendent of Human Resources may require the employee to present documentation of the illness or death.
 - The employee obtained permission from the Assistant Superintendent of Human Resources at least one calendar week before the ineligible day with an explanation of a critical event such as a family wedding or graduation and was granted permission. Documentation will be required to substantiate the critical event.
- Permission to be absent on ineligible days will not be granted for vacation.
- If an employee chooses to be absent on an ineligible day without illness or permission, he or she will not be paid for that day.

Twelve-month employees that have vacation may take vacation days on ineligible days. However, the employee must submit a written request for vacation to the Superintendent or designee and receive written authorization before taking vacation days. If the employee's absence may disrupt district operations, the Superintendent or designee has the discretion to deny a request for vacation or to limit the time of year the employee may take his or her vacation.

A district employee may not use PBDs during the period the employee receives Workers' Compensation for time lost to work-related incidents.

Staff members who are ill are encouraged to stay home to promote healing and reduce the risk of infecting others, especially during a pandemic or other significant health event. In the

event of a pandemic or other significant health event, schools may be closed to all staff and students or just students. If schools are closed only to students, staff members are expected to work regular schedules or use appropriate leave.

A district employee may not use or earn paid leave during the period the employee receives Workers' Compensation for time lost to work-related incidents.

Any certificated employee who is a member of a retirement system shall remain a member during any period of leave under paid leave provisions of the district or under Workers' Compensation. The employee shall also receive creditable service credit for such leave time if the employee makes contributions to the system equal to the amount of contributions that he or she would have made had he or she been on active service status.

Consistent staffing is important to the learning environment and district operation and therefore is an essential duty of all employees. When an employee is routinely tardy, frequently absent or is absent for an extended period of time, the learning environment and district operations deteriorate, and the students suffer. Employees may be terminated for excessive absences or tardiness. Unless authorized by the Board or Superintendent, or otherwise authorized by law, an employee's absence or tardiness is considered excessive if it:

1. Is for a reason not granted as paid or protected leave under Board policy.
2. Exceeds the number of days allotted by the Board for that particular leave.
3. Is for a reason authorized by Board policy but exceeds three (3) days a month, 10 days in a semester or 15 days per school year.

The employee's salary will be docked if the absence or tardiness occurs for a reason not granted as paid leave under Board policy or if it exceeds the number of days the employee has been granted under a designated leave, even if the absence or tardiness is authorized by the Board or the Superintendent. No employee will be disciplined or terminated for absences qualifying for protection under the Family and Medical Leave Act (FMLA) or other applicable law (see Board policy GBBDA). The district may require an employee to provide the district verification of illness from a healthcare provider before the district applies sick leave or other applicable paid leave to the absence. In accordance with law, the district may require an employee to present a certification of fitness to return to work whenever the employee is absent from work due to the employee's health. This policy does not apply to temporary or substitute

staff members unless otherwise noted. The following leaves with pay will be provided to full-time support staff employees (30 hours or more per week).

Persons in the following types of employment are not entitled to leave benefits:

1. Casual employees who work on an on-call or as-needed basis.
2. Part-time employees who work less than 30 hours per week on a normal basis.
3. Probationary employees who have worked less than 60 days.

Leave days are earned at the rate of one day a month, but full credit for total eligible leave days will be awarded annually at the beginning of each year, or fiscal year, July 1. Leave days will not be reinstated upon re-employment after a previous resignation or termination from the school district. All leave must be taken in 15-minute increments.

Illness Days Buy-Back

Upon retirement from the district or upon death while a current employee but eligible for retirement from the district, employees are eligible for remuneration for all appropriate accumulated paid leave up to the maximum amount allowed by this policy. Support staff employees' remuneration for accumulated leave upon retirement shall be at the rate of 25% of their daily rate of pay. The daily rate of pay is formulated upon the employee's base pay without extra duty compensation.

Vacation

All support staff employed on a 12-month basis will receive paid vacation days each year, the number of which will depend on their years of service in the district. Employees with up to ten completed years of service to the district will receive ten days of vacation per year, accrued at a rate of .8334 days per month or partial month worked. Unused vacation days for these employees will be cumulative to a maximum of 20 vacation days as of December 31 each fiscal year, meaning that the employees must use the excess days before January 1 or they will lose any days accumulated over 20.

Beginning with their eleventh year of employment with the district, employees will receive 15 days of vacation per year, accrued at a rate of 1.2500 days per month or partial month worked. Unused vacation days for these employees will be cumulative to a maximum of 30

vacation days as of December 31 each fiscal year, meaning that the employees must use the excess days before January 1 or they will lose any days accumulated over 30.

All previous years of full-time service in the district will be considered in determining the rate of vacation days earned. Part-time years of service will be prorated to full-time equivalency for the purposes of calculating vacation time.

Employees must submit a vacation request using Absence Management. The supervisor has the discretion to deny a request for vacation or to limit the time of year the employee may take his or her vacation if the absence causes a disruption in service.

A district employee may not use vacation days during the period the employee receives Workers' Compensation for time lost to work-related incidents.

Vacation Buy-Back

Upon separation or retirement from the district, employees are eligible for remuneration for all accumulated vacation. Support staff employees' remuneration for vacation days shall be at the daily rate of pay.

Unless otherwise provided, the following leaves will be provided to full-time and part-time support staff employees.

1. **Bereavement**- Full-time employees may take up to three days per year due to death of an immediate family member. These days are in addition to the days provided for sickness and personal business. These days do not carry over to the next year if not used. If the employee needs more than three days, he or she may use PBDs or Illness with permission of direct supervisor. See board policy for definition of “immediate family”.

(GCBDA/GCBDB)

2. **Holidays** – New Year’s Day, Martin Luther King, Jr. Day, President’s Day, Memorial Day, July 4th, Labor Day, Thanksgiving Day and Christmas Day.

The district will grant paid and unpaid holidays in accordance with the academic calendar adopted by the Board. Holidays may be modified or eliminated as needed when the academic calendar is changed due to inclement weather or for other reasons. Holidays may change from year to year.

3. **Professional Leave** – Employees may be granted professional leave to attend classes or conferences, meet with mentors or participate in other approved professional growth activities. Professional leave must be approved by the Superintendent or designee and arranged well in advance.
4. **Military Leave** – The Board shall grant military leave as required by law. Members of the National Guard or any reserve component of the U.S. Armed Forces who are engaged in the performance of duty or training will be entitled to a leave of absence of 120 hours in any federal fiscal year (October 1 – September 30) without impairment of efficiency rating or loss of time, pay, regular leave or any other rights or benefits. Employees shall provide the district an official order verifying that they are required to report to duty.
5. **Election Leave** – Any employee who is appointed as an election judge pursuant to state law may be absent on any election day for the period of time required by the election authority. The employee must notify the district at least seven days prior to any election in which the employee will serve as an election judge. No employee will be terminated, disciplined, threatened or otherwise subjected to adverse action based on the employee's service as an election judge.
6. **Leave to Vote** – Employees who do not have three successive hours free from work while the polls are open will be granted a leave period of up to three hours to permit employees three successive hours while the polls are open for the purpose of voting. Requests for such leave must be made prior to Election Day, and the employee's supervisor(s) will designate when during the workday the leave should be taken. Any employee who properly requests leave to vote and uses the leave for that purpose will not be subject to discipline, termination or loss of wages or salary.
7. **Jury Duty Leave** – An employee will be granted paid leave for time spent responding to a summons for jury duty, time spent participating in the jury selection process or time spent actually serving on a jury. An employee will not be terminated, disciplined, threatened or otherwise subjected to adverse action because of the employee's receipt of or response to a jury summons. The employee shall present documentation of his or her jury service to the building principal or an immediate supervisor.

8. **Leave for Court Subpoena** – If the subpoena is directly related to the employee's school duties, the employee will be released for court appearance without loss of leave. Other court appearances will be deducted from PBDs.
9. **Firefighter Leave** – Employees will be allowed to use PBDs, vacation and/or unpaid leave for any time taken to respond to an emergency in the course of performing duties as a volunteer firefighter. For the purposes of this section, "volunteer firefighter" includes members of Missouri-1 Disaster Medical Assistance Team, Missouri Task Force One, Urban Search and Rescue Team or those activated by the Federal Emergency Management Agency (FEMA) in times of national disaster. Employees covered under this section shall not be terminated from employment for joining a volunteer fire department or for being absent from or late to work in order to respond to an emergency. Employees shall make every reasonable effort to notify the principal or supervisor if the employee may be absent from or late to work under this section. Employees are required to provide their supervisors with a written statement from the supervisor or acting supervisor of the volunteer fire department stating that the employee responded to an emergency along with the time and date of the emergency.
10. **Crime Victim Leave** – Any employee who is a crime victim, who witnesses a crime or who has an immediate family member who is a crime victim will not be required to use vacation, PBDs or paid leave in order to honor a subpoena to testify in a criminal proceeding, attend a criminal proceeding or participate in the preparation of the criminal proceeding.
11. **Civil Air Patrol Leave** – Any employee who is a member of Civil Air Patrol and has qualified for a Civil Air Patrol emergency service specialty or who is certified to fly counter narcotic missions shall be granted unpaid leave to perform Civil Air Patrol emergency service duty or counter narcotic missions without loss of time, regular leave or any other rights or benefits in accordance with law. The leave is limited to 15 working days in any calendar year, but is unlimited when responding to a state or nationally declared emergency in Missouri. The district may request that the employee be exempted from responding to a specific mission.
12. **Coast Guard Auxiliary Leave** – Employees who are members of the United States Coast Guard Auxiliary will be granted an unpaid leave of absence for periods during

which they are engaged in the performance of United States Coast Guard or United States Coast Guard Auxiliary duties, including travel related to such duties, when authorized by the Director of Auxiliary or other appropriate United States Coast Guard Authority. Such leaves of absence will be given without loss of time, regular leave or any other rights or benefits to which such employees would otherwise be entitled. The leave is limited to 15 working days in any calendar year, but is unlimited when responding to a state or nationally declared emergency in Missouri or upon any navigable waterway within or adjacent to the state of Missouri. The district may request that an employee be exempted from responding to a specific mission.

Authorized Absence without Pay

When an employee desires to be absent for personal reasons not included in the Board's provisions for leaves and absences, the employee may apply for an authorized absence without pay. To apply for an authorized absence without pay, the employee must submit a request using Absence Management stating the reasons for requesting the leave and any special circumstances that exist. The request shall be made at least two days in advance of the absence.

If approved for an authorized absence without pay, the employee's salary is deducted at his/her daily rate of pay for each day of absence. Support personnel shall be limited to five days of authorized absence without pay per school year. Absence for longer than five days must have the approval of the Superintendent or designee.

Absence without approval from the district will be treated by the Board of Education in accordance with Missouri law and Board policy regarding grounds for termination.

Pregnancy, Childbirth and Adoption Leave

This section creates no rights extending beyond the contracted period of employment. FMLA certification and recertification procedures apply to FMLA-eligible employees. An employee must notify the district of the need for and anticipated duration of the leave at least 30 days before leave is to begin, if foreseeable. If a 30-days' notice is not practical, the employee must give as much notice as possible. A pregnant employee shall continue in the performance of her duties as long as she is able to do so and as long as her ability to perform her duties is not impaired, based on medical opinion.

Employees eligible for FMLA leave for the birth, first-year care, adoption or foster care of a child will have such leave applied in accordance with the FMLA. The district shall apply up to 12 weeks of accrued paid leave to such absences.

Employees who are ineligible for FMLA leave may take up to 12 weeks of leave for the birth, first year care, adoption, or foster care of a child and may use any combination of accrued paid leave, PBDs, vacation leave or unpaid leave.

Pregnant employees who need more than 12 weeks of paid or unpaid leave for a pregnancy-related incapacity must provide certification of the medical necessity for such leave.

Leave Under the Family and Medical Leave Act

The following information is a basic overview of the Family and Medical Leave Act. If you have any questions regarding your eligibility or any matter related to FMLA, please contact Millie Purtle, HR Coordinator.

Basic Leave Entitlement

FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

1. For incapacity due to pregnancy, prenatal medical care or child birth;
2. To care for the employee's child after birth, or placement for adoption or foster care;
3. To care for the employee's spouse, son, daughter or parent, who has a serious health condition; or
4. For a serious health condition that makes the employee unable to perform their job.

Length of Leave - All Employees

When both spouses are employed in the District, the combined amount of leave for birth, adoption and illness of a parent is limited to sixty (60) working days. The limitation for personal illness and illness of a spouse or child is not limited if both parents are employees of the District. When the leave requested involves a birth, adoption or foster placement, the entitlement for child care ends after the child reaches the age of one (1) or twelve (12) months after the adoption or placement.

End of Term Exceptions - Instructional Employees

An instructional employee is one whose principal function is to teach. This would include teachers, athletic coaches and special education assistants or interpreters. If an instructional employee starts FMLA leave more than five (5) weeks before the end of the academic term, the District may require the employee to continue the leave until the end of the term if:

1. The leave is of at least three (3) weeks duration; and
2. The return would be during the three (3) week period before the term's end. If an instructional employee starts FMLA leave with five (5) weeks or less before the end of the academic term, the District may require the employee to continue the leave until the end of the term if:
 1. The leave will last more than two (2) weeks; and
3. The return would be during the two (2) week period before the term's end. If an instructional employee starts FMLA leave with three (3) weeks or less before the end of the academic term, the District may require the employee to continue the leave until the end of the term if the leave will last more than five (5) working days. The End of Term exceptions will be applied with consideration of all applicable law.

Job Restoration

Employees who return from family and medical leave shall be entitled to return to his/her prior position or an equivalent position with equivalent benefits, pay and conditions of employment. The determination as to what constitutes an equivalent position shall be made on the basis of established District policies and practices. Such leaves will not impair tenure that had been previously acquired.

Upon return to work, an employee who has been on leave for personal medical reasons shall provide a valid physician's certification, which attests to the employee's ability to return to duty. When an employee is not required to report for work for one (1) or more weeks, (e.g., instructional employees who do not report for work during winter/spring breaks or during the summer) such days do not count against the employee's FMLA leave.

Intermittent or Reduced Leave

Employees cannot take leave on an intermittent or reduced leave schedule, except where medically necessary or upon approval by the Superintendent or designee.

Military Family Leave Entitlements

Eligible employees whose spouse, son, daughter or parent is on covered active duty or called to covered active duty status may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered service-member during a single 12-month period. A covered service member is: (1) a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list for a serious injury or illness; or (2) a veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered veteran, and who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness.

Benefits and Protections

During FMLA leave, the employer must maintain the employee's health coverage under any 34 "group health plan" on the same terms as if the employee had continued to work. Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms. Use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

Benefits – Insurance Premiums

1. Employees who are eligible for leave are entitled to the continuation of benefits during the period of the leave. Employees retain coverage under the District's group medical plan
2. All health premiums currently being paid by the District will continue to be paid.
3. If the employee has elected a buy-up health insurance option, the excess premium above that which the Board pays must be paid by the employee

4. If the employee is on an unpaid FMLA leave for an entire pay period

An employee who does not return to work at the end of an authorized leave may be subject to termination. If an employee fails to return to work after the period of unpaid family or medical leave has ended, the District may recover health insurance premiums paid under the group plan during the leave period, except in certain circumstances (e.g., continuing serious health condition of employee or family member needing care, or other circumstances beyond control of the employee).

The District may recover any other insurance premiums (e.g., premiums for supplemental life insurance or for dependent coverage), submitted on behalf of the employee, for which the District has not been reimbursed, either upon the employee's return to work or the employee's failure to return after unpaid family or medical leave has ended.

Eligibility Requirements

Employees are eligible if they have worked for a covered employer for at least 12 months, have 1,250 hours of service in the previous 12 months, and if at least 50 employees are employed by the employer within 75 miles.

Definition of Serious Health Condition

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities. Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

Use of Leave

An employee does not need to use this leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. The District will make

reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the District's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

Substitution of Paid Leave for Unpaid Leave

Employees may choose to use, or the District may require use of, accrued paid leave while taking FMLA leave. In order to use paid leave for FMLA leave, employees must comply with the District's normal paid leave policies.

*** The Raytown School District requires employees to use accrued paid leave while taking FMLA leave.*

Employee Responsibilities

Employees must provide 30 days advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days advance notice is not possible, the employee must provide notice as soon as practicable and generally must comply with the District's normal call-in procedures.

*** Notice should be provided to the employee's direct supervisor and to the HR Coordinator.*

Employees must provide sufficient information for the District to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions; the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave.

Employees also must inform the District if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees also may be required to provide a certification and periodic recertification supporting the need for leave.

District Responsibilities

Upon notice, the District will inform employees requesting leave whether they are eligible under FMLA. If they are, the notice must specify any additional information required as well as the employees' rights and responsibilities. If they are not eligible, the District will provide a reason for the ineligibility. The District will inform employees if leave will be

designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If the District determines that the leave is not FMLA-protected, the District will notify the employee.

Unlawful Acts by the District

FMLA makes it unlawful for the District to:

1. Interfere with, restrain, or deny the exercise of any right provided under FMLA; and
2. Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

If you believe that the District, or any employee of the District, has engaged in any unlawful conduct, contact the Office of Human Resources immediately.

Enforcement

An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against the District. FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

Family and Medical Leave Information

The foregoing regulation presents the pertinent provisions of the Family and Medical Leave Act of 1993 and complies with the requirements of the Act. Board Policy GCBDA/GDBDA

Extended Leave for Illness

The Assistant Superintendent of Human Resources may grant extended leave with or without pay to any employee whose illness, injury or incapacity extends beyond the period of accumulated leave days and who does not meet FMLA eligibility requirements. The Assistant Superintendent of Human Resources may grant this extended leave without pay not to exceed 20

days. The Board may grant an extension of this leave. These leave days are calculated on a “rolling” 12-month period measured backward from the date of any extended leave usage. Each employee, at the request of the Superintendent, may be required to provide a physician's certificate validating the reason for the prolonged absence. If you have any questions regarding your eligibility or any matter related to FMLA or Extended Leave, contact Millie Purtle, HR Coordinator.

Employees Excluded from Leave Benefits

Casual or part-time employees who work on an on-call or as-needed basis are NOT entitled to leave benefits.

Leave Accrual

Leave days are earned at the rate of one (1) day a month, but full credit for total eligible leave days will be awarded annually at the beginning of each year, or fiscal year, July 1.

Status of Leave Benefits upon Resignation or Termination

Leave days will not be reinstated upon re-employment after a previous resignation or termination from the school district.

Substitutes

When a substitute teacher is needed, the teacher should enter the absence in the automated substitute system as early as possible. Teachers are responsible for entering their own absences. When the absence is for a reason that is known in advance, the teacher should notify the principal as soon as possible. Teachers should leave the following materials:

1. Daily lesson plans that are clear, meaningful and easily located.
2. An up-to-date substitute folder of materials that contains the following:
 - a. Daily schedule
 - b. Routine procedures and explanation; attendance, tardies, clinic visits, lunch count, etc.
 - c. Emergency procedures; fire, tornado, etc.
 - d. Seating charts

- e. Discipline procedures and forms
- f. Names of co-workers who can assist
- g. Names of students who can assist
- h. List of the teacher's duty assignments

Assignments & Transfers

Assignments

The Board directs the Superintendent to assess the professional staffing needs of the district annually and to assign professional staff as necessary to meet those needs. Although the Superintendent will take the employee's expressed preference into consideration, the ultimate decision must be based on the district's needs. The Superintendent may reassign staff members to different positions or buildings at any time, including after a contract has been signed or in the middle of the school year.

Board Policy GCI

Staff Transfer

Professional staff may request a transfer through TalentEd Recruit and Hire to a different position or building by communicating the request to the Superintendent or designee. Transfer requests for the following school year must be submitted on or before February 1.

Board Policy GCI

Principals, Assistant Principals and other certificated employees in positions ineligible for tenure, except the Superintendent, shall be notified via email to check TalentEd Records concerning re-employment on or before April 15th of the year in which the current contract expires.

Board Policy GCI

Probationary teachers will be notified via email to check TalentEd Records of the Board of Education's intent to re-employ them on or by April 15th. Teachers have fifteen (15) days upon receipt of contract to accept or reject. Acceptances or rejections will be entered into TalentEd Records.

Professional staff members will be paid stipends that are commensurate with the demands of their specific extra-duty assignments. Most stipends will be paid on an annual or seasonal basis, although certain assignments not related to the teaching act, performed at irregular or infrequent intervals, may be paid at an hourly rate. **Board Policy GCKA**

Letters of Reassurance

Letters of Reasonable Reassurance for continued employment for classified personnel are issued annually.

Credentials

Teaching Certificates and Transcripts

To teach in the public schools of Missouri, the teacher must possess an appropriate and valid teaching certificate. The certificate, along with official copies of transcripts showing all college hours and degrees, must be kept on file in the Human Resources Office. Official transcripts are required for movement from one column to the next column on the salary schedule.

Licenses

Classified employees who hold a position for which a license is required must submit a copy of the valid license for their personnel file. Examples of licensed positions include: bus driver, licensed practical nurse, registered nurse, occupational therapist, physical therapist.

Movement on the Teachers' Salary Schedule

General Guidelines

1. Maintenance of the teachers' salary schedule is dependent on the local levy and state financial support. The teachers' salary will be submitted to the Board of Education each year for approval.
2. At the discretion of the Superintendent and the Board, a teacher may be given an additional payment for extra work or for the assumption of extra responsibility beyond the normal expected duties.
3. Any change in the teacher's placement must be evidenced by a change in the teacher's contract with the teacher's signature on the new contract. Payroll will be notified of the contract change after the new contract has been executed.
4. The salaries of special teachers will be determined by the Board upon the recommendation of the Superintendent.
5. This schedule is a statement of the present policy of the Board with respect to teachers' salaries. The schedule may be revised or abandoned at any time the Board finds it advisable.
6. The daily rate of pay for each contract teacher shall be determined by dividing the annual salary by the number of working days of service required by the contract.
7. All employee absence and payroll reports are due in the school business office according to a time schedule published at the beginning of the school year. Paydays will be according to a published schedule.
8. A teacher's salary is paid in 24 monthly installments beginning in August unless otherwise stated in the contract. Direct deposit notification will be issued by the 10th and 25th of the month or the last working day before the 10th and 25th. The district may elect to issue the June and July checks of professional staff in June.
9. Substitute teachers shall be reported the same way for payroll purposes as regular teachers and shall be paid a daily rate in accordance with Board policy.

Transcripts

On or before September 1 of each school year, teachers shall submit to the human resources office sealed, official transcripts from all colleges or universities from which the employee has earned credit hours that have not been previously reported on an official transcript. The district will also accept electronic submissions of transcripts directly from colleges and universities as official transcripts. This will enable the district to make salary adjustments in accordance with the adopted salary schedule and to certify the classification report to the Department of Secondary and Elementary Education.

Placement on Teachers' Salary Schedule

For initial placement on the teachers' salary schedule, teachers may be granted credit for previous teaching experience in other school districts on the basis of one experience step for each year taught up to a maximum of ten years' credit through 2004-05. Beginning 2005-06, teachers may be granted an additional year of experience each school year up to a maximum of 15 years beginning with the 2009-10 school year.

Movement on the Teachers' Salary Schedule

Movement on the teachers' salary schedule is dependent on the step (experience) and column (education level) of the teacher.

1. A teacher may move only one step vertically each level.
2. A teacher may move over columns based upon completion of approved graduate hours and according to the established criteria.
3. Official transcripts are required for movement from one column to the next column. The transcripts may be submitted in a sealed envelope or by electronic transmission by colleges and universities.
4. Official placement resulting in salary and contract adjustment is effective only at the time all required materials and clarifications have been received in the human resources office and not at the time course work is completed.
5. In situations where the teacher has requested transcripts and the college or university does not supply them by the September 1 deadline, the teacher may

- a. Contact the Assistant Superintendent of Human Resources prior to September 1 regarding a time extension, or
- b. Provide a letter to the Assistant Superintendent of Human Resources from the college or university documenting completion and signed by the teacher's advisor or department chair on or before September 1.

Criteria for Placement on BS+16 Level

To be eligible for placement on the BS+16 level, it is necessary for the teacher to present to the Assistant Superintendent of Human Resources the following:

1. An electronic application from the teacher stating the intent to complete a master's degree following placement on the BS+16 level.
2. An electronic copy of the approved master's program showing the courses needed for the degree and signed by the college advisor or department chairperson.
3. An official transcript from the college or university where the degree is sought showing all completed and accepted hours of graduate credit toward the degree. Sixteen (16) hours must have been completed and accepted toward the degree.
4. Only upon receipt of all three items listed above (the letter, master's program and official transcript) can the teacher's eligibility for placement on BS+16 level be determined.
5. The intent of the BS+16 salary schedule is to provide an incentive for teachers in the district to work toward obtaining a master's degree. Graduate hours that have been completed by a teacher but are not applicable to the master's degree granted by the Homebased College or university do not apply to the BS+16 determination.
6. The master's degree must be obtained in the teacher's major teaching field, minor teaching field or in guidance, administration and supervision, special education or a special field approved by the Assistant Superintendent of Human Resources.

Criteria for Placement on Master's Degree Level

1. The teacher must show proof of holding a master's degree by providing a copy of an official transcript showing the awarding of the degree.
2. The master's degree must be in the teacher's major or minor teaching field or in a special area by approval.

3. Teachers who obtain a minimum of 32 hours toward a master's degree in guidance and counseling or speech and language pathology will be placed on the master's degree level if an official transcript is presented showing the completion of 32 hours of graduate credit toward the degree. The master's degree in guidance and counseling or speech and language pathology must be obtained not later than at the end of four years following the teacher's placement on the master's degree level. In the event that the master's degree is not obtained, the teacher will remain at the same salary step and will not advance on the salary schedule until the master's degree is granted.
4. The teacher should submit an electronic application advising the human resources office that the degree has been officially completed so that the office will expect transcripts.
5. In cases where a teacher's teaching assignment has been changed for administrative reasons, thereby causing the teacher to be teaching in a field other than the one in which they received their master's degree, the teacher will not be penalized.

Criteria for Placement on MS+16 Level

1. The intent of the MS+16 level on the salary schedule for teachers in the district is to encourage continued professional growth.
2. To be considered for placement on the MS+16 level, the teacher must complete 16 graduate hours of credit after completion and beyond their master's degree. The course work must be taken at an accredited institution of higher learning and be selected from the teacher's present teaching field or from an accepted related field such as administration, supervision, curriculum, etc.
3. The teacher must present transcripts showing the 16 graduate hours to the human resources with a letter asking for evaluation, explaining the hours completed, and stating the colleges where the hours were obtained.
4. The development of a second teaching field or courses taken for additional certification in another subject area may be authorized, providing that the Assistant Superintendent of Human Resources gives prior approval.
5. Teachers who complete a master's degree in guidance and counseling or speech and language pathology that requires a minimum of 48 graduate hours may be placed on the MS+16 level by providing an official transcript showing the awarding of the degree.

Criteria for Placement on MS+32 Level

1. To be considered for placement on the MS+32 level on the salary schedule, the teacher must complete 32 graduate hours of credit after completion and beyond their master's degree. The coursework must be taken at an accredited institution of higher learning and be selected from the teacher's present teaching field or from an accepted related field such as administration, supervision, curriculum, etc.
2. The teacher must present transcripts showing the 32 graduate hours to the Assistant Superintendent of Human Resources with a letter asking for evaluation, explaining the hours completed, and stating the colleges where the hours were obtained.
3. The development of a second teaching field or courses taken for additional certification in another subject area may be authorized, providing that the Assistant Superintendent of Human Resources gives prior approval.
4. Professional staff who complete a master's degree in physical therapy or occupational therapy that requires a minimum of 60 degree hours may be placed on the MS+32 level by providing an official transcript showing the awarding of the degree.

Criteria for Placement on the Second Advanced Degree/MS+48 Level

1. To be considered for placement on the second advanced degree/MS+48 level, the teacher must complete a second master's, specialist or doctorate degree or 48 graduate hours of credit after completion and beyond their master's degree in the teacher's major teaching field, minor teaching field or in guidance, administration and supervision, or other special field approved by the Assistant Superintendent of Human Resources.
2. The degree or graduate hours must be granted by an accredited college or university.
3. The teacher must present an official transcript showing receipt of a second master's, specialist or doctorate degree or the 48 graduate hours to the Assistant Superintendent of Human Resources with an electronic application asking for evaluation.
4. Professional staff who complete a doctorate degree in physical therapy or occupational therapy may be placed on the MS+48 level by providing an official transcript showing the awarding of the degree.

Board Policy and Regulation GCBA-AP(1)

Resignation

Professional Staff

The district encourages teachers to enter their notification of resignation into TalentEd Records as soon as the teacher decides not to return or not to accept another contract with the district. Resignations become effective at the end of the school year in which they are submitted unless the district is notified otherwise.

A tenured teacher has a binding contract with the district for the next school year if the teacher does not notify the district of his or her resignation in writing by June 1, or at the time a new contract is executed with the district if executed prior to June 1. A probationary teacher has a binding contract with the district once the teacher and the Board has executed a contract. Once under contract, only the Board has the authority to release the teacher from a contract. The Board considers serious illness, transfer of spouse, and military service legitimate reasons for resignation of professional staff. However, the Board will consider each resignation on an individual basis. A teacher will not be released from a contract unless a suitable replacement is found.

The Board reserves the right to pursue all available legal remedies when an employee breaks a contract with the district including, but not limited to, filing charges to have a teacher's certificate revoked or seeking a monetary judgment.

Support Staff

Any support staff member who desires to resign must submit through TalentEd Records a resignation notice. The notice should specify when the resignation is to be effective and should be submitted at least seven (7) days prior to the effective date. A resignation is final upon submission and cannot be withdrawn unless authorized by the supervisor to whom it was submitted. The Board need not approve the resignation.

If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules of the board of trustees of the retirement system; provided that, it shall not exceed 50 percent of the annual compensation payable for the position in the school district that is most comparable to the position filled by the retiree.

Such a person shall not contribute to the retirement system or to PEERS because of earnings during such period of employment. If such a person is employed in any capacity by such a district on a regular, full-time basis, he or she shall not be eligible to receive his or her retirement allowance for any month during which he or she is so employed and shall contribute to the retirement system.

Improper Deductions

The Board of Education prohibits improper pay deductions. Employees who believe that improper pay deductions have been taken should report the concern to the associate Superintendent of Operations within 30 days. Exception Pay

Exception pay is additional pay that is used for monetary compensation for an employee's work outside the certificated employee's contract and the classified employee's scheduled hours. Some examples of exception pay are: sports or activity supervision, specified training and curriculum writing. Law enforcement security officials, English Language Learner (ELL) tutors and Community Education personnel are paid through exception pay. Exception pay utilizes the regular payroll schedule. It should be noted, however, that the employee's payroll timesheet must be turned in to the building supervisor by the deadline dates established by the Payroll Office. If the timesheet is not received by the deadline date, the employee's exception pay will be reflected in the following month's paycheck.

Employee Assistance Program

The Employee Assistance Program provides the employee and his/her family FREE professional consultation and short-term assistance that can help to identify problems, discuss possible solutions and, if necessary, refer you to a helping resource that is specifically suited to your situation.

The EAP is voluntary and strictly confidential. When the employee or family member feels that help is needed, simply call for an appointment. The EAP is a benefit provided by an independent organization. Neither the employer nor co-workers will know the employee sought help.

Employees who suffer an injury or illness caused by an accident or occupational disease arising out of and in the course of employment ("work-related injury") will receive benefits paid by the District according to the Workers' Compensation Law of the State of Missouri ("the law").

The District's insurer shall determine whether the injury is compensable under the law. If the injury is deemed compensable, the employee will receive, subject to all provisions of the law:

1. Medical treatment (if approved by the district in advance)
2. Temporary Total Disability (TTD) payments, paid by the insurer. TTD payments are two-thirds (2/3) of the employee's average weekly wage up to a state maximum while temporarily and totally disabled, if the employee is off work more than three (3) work days.

Notice Requirements & Direction of Medical Care – Workers' Compensation

The employee is required to report an injury to an immediate supervisor immediately. If an immediate supervisor cannot be contacted, the employee should report the injury to Regina Goodwin, Secretary to the Associate Superintendent of Operations. The employee must report all accidents even though the accident may not require seeing a physician. All reports must be in writing.

Employees will be required to complete an employee injury statement following the injury. The injury statement needs to be completed as soon as possible following the injury. When an injury occurs at work, the District requires the employee to use the District Quality Care Clinic. If the employee uses unauthorized medical providers, the District is not responsible for the medical costs.

For non-life threatening, work-related injuries occurring after District Quality Care Clinic hours, the District still requires the employee to use U.S. HealthWorks. The on-call physician will determine if the employee will be sent to an emergency room. For an emergency medical situation, use the emergency room of Research Medical Center or St. Luke's East Hospital. If an injured employee fails to report an injury in writing within 30 days, the Division of Workers' Compensation may be entitled to deny any benefits under the law.
